

## Index to volume 21

### Author Index

#### A

- Abba Z (see Masouyé et al). 1989;21:63-8
- Abel EA. Cutaneous manifestations of immunosuppression in organ transplant recipients. 1989;21:167-79 (CME article)
- (see Medeiros et al). 1989;21:929-42
- Abele DC, Anders KH, Chandler FW. Benign lymphocytic infiltration (Jessner-Kanof): Another manifestation of borreliosis? 1989;21:795-7 (Brief comm.)
- (see Anders and Abele). 1989;21:792-3 (Brief comm.)
- Abell E (see Bari et al). 1989;21:1310-2 (Brief comm.)
- Abraham Z, Feuerman EJ. IgA benign monoclonal gammopathy with recurrent self-healing skin tumors. 1989;21:1303-4 (Brief comm.)
- Adams RM. Panels of allergens for specific occupations. 1989;21:869-74 (Symposium)
- (see Hoffman and Adams). 1989;21:436-7 (Case rep.)
- (see Rietschel and Adams). 1989;21:1011 (Editorial)
- Adinoff AD (see Clark and Adinoff). 1989;21:863-9 (Symposium)
- Akers WA, Lane A, Lynfield Y, Greenberg J, Hall J, Mangan C, Tinker A. Sulconazole nitrate 1% cream in the treatment of chronic moccasin-type tinea pedis caused by *Trichophyton rubrum*. 1989;21:686-9
- Albrechtsen S (see Hansen et al). 1989;21:838-40 (Symposium)
- Alcalay J (see Goldberg et al). 1989;21:144-5 (Brief comm.)
- Alexander J (see Ronan et al). 1989;21:1123-5 (Case rep.)
- Aliaga A (see Serrano et al). 1989;21:1057-60 (Case rep.)
- Allen CM (see Ballo et al). 1989;21:381-7 (Case rep.)
- Alli N (see Kürkçüoğlu and Alli). 1989;21:814-5 (Letter)
- Altman AR (see Kidd et al). 1989;21:1007-10 (Dermatopathology)
- Anders KH, Abele DC. Development of nail pigmentation during zidovudine therapy. 1989;21:792-3 (Brief comm.)
- (see Abele et al). 1989;21:795-7 (Brief comm.)
- Anderson PC. GRATEFUL MED. 1989;21:564 (Current issues)
- Antoine JL (see Lachapelle and Antoine). 1989;21:850-4 (Symposium)
- Armitage JO (see Harrington et al). 1989;21:951-7
- Asai T (see Katayama et al). 1989;21:1218-21
- Ashack RJ, Frost ML, Norins AL. Papular pruritic eruption of *Demo-*  
*dex* folliculitis in patients with acquired immunodeficiency syndrome. 1989;21:306-7 (Brief comm.)
- Ashinoff R, Buchness MR, Lim HP. Lymphoma in a black patient with actinic reticuloid treated with PUVA: possible etiologic considerations. 1989;21:1134-7 (Case rep.)
- , Cohen R, Lipkin G. Castleman's tumor and erosive lichen planus: Coincidence or association? 1989;21:1076-80 (Case rep.)
- Atherton DJ (see Kalter et al). 1989;21:248-56
- Auletta MJ (see Grekin and Auletta). 1989;21:1319-20 (Letter reply)

July, pp. 1-166; August, part 1, pp. 167-326; August, part 2, pp. 327-442; September, part 1, pp. 443-608; September, part 2, pp. 609-654; October, part 1, pp. 655-818; October, part 2, pp. 819-890; November, part 1, pp. 891-1048; November, part 2, pp. 1049-1164; December, pp. 1165-1368.

## Subject Index

A

### Abnormalities

- Congenital fascial dystrophy: stiff skin syndrome—a human counterpart of the tight-skin mouse (Jablonska et al). 1989;21:943-50
- Long-term survival of a harlequin fetus (Roberts). 1989;21:335-9 (Case rep.)
- Persistent skin ulcers, mutilations, and acro-osteolysis in hereditary sensory and autonomic neuropathy with phospholipid excretion (Böckers et al). 1989;21:736-9

### Abnormalities, child

- Cutis laxa with ultrastructural abnormalities of elastic fiber (Kitano et al). 1989;21:378-80 (Case rep.)
- Urticaria pigmentosa in a child with Prader-Labhart-Willi syndrome (Fowler and Butler). 1989;21:147-8 (Brief comm.)

### Abnormalities, chromosome; see Chromosome abnormalities

### Abnormalities, drug induced

- Cutaneous manifestations of immunosuppression in organ transplant recipients (Abel). 1989;21:167-79 (CME article)

### Abscess

- Primary subcutaneous abscess caused by *Nocardia otitidiscaviarum* (Hachisuka et al). 1989;21:137-9 (Brief comm.)

### Acantholysis

- Reproduction of the characteristic morphologic changes of familial benign chronic pemphigus in cultures of lesional keratinocytes onto dead deepdermized dermis (de Dobbeleer et al). 1989;21:961-5
- Specific dermatoglyphic patterns: a characteristic manifestation of acantholytic dyskeratotic dermatoses (Raff and Szilvassy). 1989;21:958-60

### Acantholytic dyskeratotic dermatoses; see Hand dermatoses

### Acanthoma; see Giant cell tumors

### Acanthosis nigricans

- Acanthosis nigricans: a cutaneous marker of tissue resistance to insulin (Rendon et al). 1989;21:461-9

### Accutane; see Isotretinoin

### Acitretin

- A double-blind, placebo-controlled trial of acitretin for the treatment of psoriasis (Olsen et al). 1989;21:681-6

### Acne

- Acne necroticans (varioliformis) versus *Propionibacterium acnes* folliculitis (Maibach). 1989;21:323 (Letter)
- Steroid acne (Hurwitz). 1989;21:1179-81
- Successful treatment of the acne of Apert syndrome with isotretinoin (Robison and Wilms). 1989;21:315-6 (Brief comm.)

### Acquired immunodeficiency syndrome

- Antiretroviral therapy (Thiers). 1989;21:443-54 (CME article)
- Atypical plaque-like staphylococcal folliculitis in human immunodeficiency virus-infected persons (Becker et al). 1989;21:1024-6 (Brief comm.)
- Chronic pruritic eruption in patients with acquired immunodeficiency syndrome associated with increased antibody titers to mosquito salivary gland antigens (Penneys et al). 1989;21:421-5 (Case rep.)
- Dermatologic complications associated with administration of 2',3'-dideoxycytidine in patients with human immunodeficiency virus infection (McNeely et al). 1989;21:1213-7
- Kaposi's sarcoma and *Mycobacterium avium-intracellulare* with cellulitis in patient with acquired immunodeficiency syndrome (DeCoste and Dover). 1989;21:574-6 (Brief comm.)
- Lichenoid granulomatous papular dermatosis associated with human immunodeficiency virus infection (Heymann) (Letter); (Viraben) (Reply). 1989;21:589
- Papular pruritic eruption of *Demodex* folliculitis in patients with acquired immunodeficiency syndrome (Ashack et al). 1989;21:306-7 (Brief comm.)
- Reactive perforating collagenosis in a setting of double disaster: acquired immunodeficiency syndrome and end-stage renal disease (Bank et al). 1989;21:371-4 (Case rep.)
- Severe hemorrhage from a 4 mm punch biopsy site in a hemophilia patient with acquired immunodeficiency syndrome (Maytin et al). 1989;21:1033-4 (Brief comm.)
- Sporotrichosis in the acquired immunodeficiency syndrome (Shaw et al). 1989;21:1145-7 (Case rep.)
- Successful treatment of botryomycosis in a patient with acquired immunodeficiency syndrome (Weitzner et al). 1989;21:1312-4 (Brief comm.)
- Ulcerative syphilis in acquired immunodeficiency syndrome: a case of precocious tertiary syphilis in a patient infected with human immunodeficiency virus (Bari et al). 1989;21:1310-2 (Brief comm.)

### Acrocephalosyndactylia

- Successful treatment of the acne of Apert syndrome with isotretinoin (Robison and Wilms). 1989;21:315-6 (Brief comm.)

### Actinic rays, adverse effects; see Ultraviolet rays, adverse effects

### Actinic reticuloid; see Ultraviolet rays, adverse effects

### Acyclovir

- Comparison of the efficacy of surgery and acyclovir therapy in oral hairy leukoplakia (Herbst et al). 1989;21:753-6 (Therapy)
- Essential progressive telangiectasia in an autoimmune setting: successful treatment with acyclovir (Shelley and Snelley). 1989;21:1094-6 (Case rep.)

### Adenosine cyclic monophosphate

- Response of mononuclear leukocyte cyclic adenosine monophosphate-phosphodiesterase activity to treatment with topical fluorinated steroid ointment in atopic dermatitis (Holden and Yuen). 1989;21:69-74

July, pp. 1-166; August, part 1, pp. 167-326; August, part 2, pp. 327-442; September, part 1, pp. 443-608; September, part 2, pp. 609-654; October, part 1, pp. 655-818; October, part 2, pp. 819-890; November, part 1, pp. 891-1048; November, part 2, pp. 1049-1164; December, pp. 1165-1368.

**Adjuvants, immunologic**

Interferon- $\gamma$  as adjuvant therapy for resistant warts (Shiohara et al). 1989;21:387-91 (Case rep.)

**Administration, topical**

Contact allergy to corticosteroids: A frequently missed diagnosis? (Dooms-Goossens et al). 1989;21:538-43 (Clin. rev.)

Do topical corticosteroids modulate skin irritation in human beings? Assessment by transepidermal water loss and visual scoring (van der Valk and Maibach). 1989;21:519-22 (Therapy)

The efficacy and safety of Diprolene (Dahl). 1989;21:1327-8 (Supplement)

Liposome preparations: A step forward in topical drug therapy for skin disease? (Schäfer-Korting et al). 1989;21:1271-5 (Clin. rev.)

Pharmacology. I. Topical therapy in dermatology (Sherertz). 1989;21:108-14 (Periodic synopsis)

Topical all-*trans*-retinoic acid prevents corticosteroid-induced skin atrophy without abrogating the anti-inflammatory effect (Lesnik et al). 1989;21:186-90

Topical corticosteroid compounding: effects on physicochemical stability and skin penetration rate (Krochmal et al). 1989;21:979-84 (Therapy)

**Adrenal cortex hormones**

Cutaneous manifestations of immunosuppression in organ transplant recipients (Abel). 1989;21:167-79 (CME article)

Do topical corticosteroids modulate skin irritation in human beings? Assessment by transepidermal water loss and visual scoring (van der Valk and Maibach). 1989;21:519-22 (Therapy)

The efficacy and safety of Diprolene (Dahl). 1989;21:1327-8 (Supplement)

Pharmacology. II. Systemic drugs in dermatology (Sherertz). 1989;21:298-305 (Periodic synopsis)

Topical corticosteroid compounding: effects on physicochemical stability and skin penetration rate (Krochmal et al). 1989;21:979-84 (Therapy)

**Adrenal cortex hormones, adverse effects**

Contact allergy to corticosteroids: A frequently missed diagnosis? (Dooms-Goossens et al). 1989;21:538-43 (Clin. rev.)

Topical all-*trans*-retinoic acid prevents corticosteroid-induced skin atrophy without abrogating the anti-inflammatory effect (Lesnik et al). 1989;21:186-90

**Advertising**

Wake up, advertisers (Sherertz et al). 1989;21:818 (Letter)

**Advisory Board of the American Academy of Dermatology**

Advisory Board of the American Academy of Dermatology (Cohen). 1989;21:1035 (Letter)

Advisory council: ain't broke—don't fix it (Dyer). 1989;21:1035 (Letter)

It's time to change (Weary and Hurley). 1989;21:585-6 (Letter)

**Aedes**

Chronic pruritic eruption in patients with acquired immunodeficiency syndrome associated with increased antibody titers to mosquito salivary gland antigens (Penneys et al). 1989;21:421-5 (Case rep.)

**Age factors**

Age and malignant melanoma: comparison of variables in different age-groups (Rivers et al). 1989;21:717-22

**Aging**

Guidelines for the use of topical tretinoin (Retin-A) for photoaged skin (Kligman). 1989;21:650-4 (Symposium)

Mechanisms and therapy of aging skin: introduction (Voorhees). 1989;21:609 (Symposium)

**Aging—cont'd**

Molecular mechanisms of cutaneous aging (Uitto et al). 1989;21:614-22 (Symposium)

Optical profilometry: an objective method for quantification of facial wrinkles (Grove et al). 1989;21:631-7 (Symposium)

Skin aging and photoaging: an overview (Gilchrist). 1989;21:610-3 (Symposium)

Topical tretinoin therapy: its use in photoaged skin (Goldfarb et al). 1989;21:645-50 (Symposium)

Treatment of photodamaged facial skin with topical tretinoin (Leyden et al). 1989;21:638-44 (Symposium)

The ultraviolet-irradiated hairless mouse: a model for photoaging (Kligman). 1989;21:623-31 (Symposium)

**AIDS; see Acquired immunodeficiency syndrome****AIDS-related complex**

Papular pruritic eruption of *Demodex* folliculitis in patients with acquired immunodeficiency syndrome (Ashack et al). 1989;21:306-7 (Brief comm.)

**All-*trans*-retinoic acid; see Tretinoin****Allergens**

Contact urticaria and anaphylaxis to latex (Taylor et al). 1989;21:874-7 (Symposium)

**Allergens, diagnostic use**

Aeroallergen contact can exacerbate atopic dermatitis: patch tests as a diagnostic tool (Clark and Adinoff). 1989;21:863-9 (Symposium)

The American Contact Dermatitis Society (Rietschel and Adams). 1989;21:1011 (Editorial)

Comparative multicenter studies with TRUE Test and Finn Chambers in eight Swedish hospitals (TRUE). 1989;21:846-9 (Symposium)

The development of the patch testing procedure and working for consistency (Hjorth). 1989;21:855-7 (Symposium)

The immunologic basis of patch testing (Belsito). 1989;21:822-9 (Symposium)

Panels of allergens for specific occupations (Adams). 1989;21:869-74 (Symposium)

Patch testing in atopic dermatitis (Schöpf and Baumgärtner). 1989;21:860-2 (Symposium)

Patch testing technique (Fischer and Kihlman). 1989;21:830-2 (Symposium)

Preliminary studies of the TRUE Test patch test system in the United States (TRUE). 1989;21:841-3 (Symposium)

Proallergens of formaldehyde applied in patch testing of formaldehyde contact allergy (Hansen et al). 1989;21:838-40 (Symposium)

Problems raised by the simultaneous reproducibility of positive allergic patch test reactions in man (Lachapelle and Antoine). 1989;21:850-4 (Symposium)

Reproducibility of patch test results: comparison of TRUE Test and Finn Chamber test results (Gollhausen et al). 1989;21:843-6 (Symposium)

The skin prick test in the diagnosis of atopic allergy (Dreborg). 1989;21:820-1 (Symposium)

**Allergy; see Hypersensitivity****Allograft; see Transplantation, homologous****Alopecia**

Telogen effluvium and minoxidil (Bardelli and Rebora). 1989;21:572-3 (Brief comm.)

Tufted hair folliculitis (Tong and Baden). 1989;21:1096-9 (Case rep.)

# **Alopecia areata**

Seasonal alopecia areata with atopy (Crosby and Gammon). 1989; 21:806-7 (Brief comm.)

# **Alpha<sub>1</sub>-antitrypsin**

Clinical and pathologic correlations in 96 patients with panniculitis, including 15 patients with deficient levels of  $\alpha_1$ -antitrypsin (Smith et al). 1989;21:1192-6

# **American Academy of Dermatology**

Advisory Board of the American Academy of Dermatology (Cohen). 1989;21:1035 (Letter)

Advisory council: ain't broke—don't fix it (Dyer). 1989;21:1035 (Letter)

It's time to change (Weary and Hurley). 1989;21:585-6 (Letter)

# **The American Contact Dermatitis Society**

The American Contact Dermatitis Society (Rietschel and Adams). 1989;21:1011 (Editorial)

# **Aminotransferases**

Marked increase of liver transaminases after khellin and UVA therapy (Duschet et al) (Letter); (Hönigsmann et al) (Reply). 1989;21:592-4

# **Ammonium lactate**

Comparative efficacy of 12% ammonium lactate lotion and 5% lactic acid lotion in the treatment of moderate to severe xerosis (Rogers et al). 1989;21:714-6

# **Amphotericin B**

Sporotrichosis in the acquired immunodeficiency syndrome (Shaw et al). 1989;21:1145-7 (Case rep.)

# **Anaphylaxis**

Contact urticaria and anaphylaxis to latex (Taylor et al). 1989;21: 874-7 (Symposium)

# **Angioedema; see Angioneurotic edema**

# **Angioendotheliomatosis, malignant; see Hemangioendothelioma**

# **Angiolymphoid hyperplasia with eosinophilia**

Histiocytoid hemangioma: a disease spectrum (Dannaker et al). 1989;21:404-9 (Case rep.)

# **Angioneurotic edema**

Angioedema from calcium channel blockers (Sadick et al). 1989; 21:132-3 (Brief comm.)

# **Angiotropic lymphoma; see Lymphoma**

# **Annular erythema; see Erythema**

# **Anorexia nervosa**

Nutritional deficiency and the skin (Miller). 1989;21:1-30 (CME article)

# **Anti-antibodies**

Anti-Ku antibodies in connective tissue diseases (Parodi and Rebo- ra). 1989;21:433-5 (Case rep.)

# **Anti-infective agents, local, adverse effects**

Contact sensitivity to nonoxynols as a cause of intolerance to antiseptic preparations (Dooms-Goossens et al). 1989;21:723-7

# **Anti-inflammatory agents, non-steroidal**

Pharmacology. II. Systemic drugs in dermatology (Sherertz). 1989; 21:298-305 (Periodic synopsis)

# **Antibiotics**

Pharmacology. II. Systemic drugs in dermatology (Sherertz). 1989; 21:298-305 (Periodic synopsis)

# **Antibodies**

IgA antindomysial antibodies in dermatitis herpetiformis (Peters and McEvoy). 1989;21:1225-31

Pemphigus vulgaris of the esophagus in women (Goldberg and Weiss). 1989;21:1115-8 (Case rep.)

# **Antibodies, antinuclear; see Antinuclear factors**

# **Antibodies, monoclonal**

Use of monoclonal antibodies (UCHL1, Ki-B3) against T and B cell antigens in routine paraffin-embedded skin biopsy specimens (Sterry and Hauschild). 1989;21:98-107 (Dermatopathology)

# **Antibodies, neoplasm**

Comparison of five antimelanoma antibodies for identification of melanocytic cells on tissue sections in routine dermatopathology (Thomson and MacKie). 1989;21:1280-4 (Dermatopathology)

# **Anticardiolipin antibody; see Cardiolipins, immunology**

# **Antilymphocyte serum**

Cutaneous manifestations of immunosuppression in organ transplant recipients (Abel). 1989;21:167-79 (CME article)

# **Antimalarials**

Pharmacology. II. Systemic drugs in dermatology (Sherertz). 1989; 21:298-305 (Periodic synopsis)

# **Antineoplastic agents, adverse effects**

Skin lesions simulating chronic dermatomyositis during long-term hydroxyurea therapy (Richard et al). 1989;21:797-9 (Brief comm.)

# **Antinuclear factors**

Antinuclear antibodies in localized scleroderma: unique staining in chromosome spreads (Kikuchi et al). 1989;21:1301-3 (Brief comm.)

# **Antiretroviral therapy; see Retrovirus infections, drug therapy**

# **Antiseptic preparations, adverse effects; see Anti-infective agents, local, adverse effects**

# **Antitubercular agents**

Erythema induratum (Bazin's disease) (Rademaker et al). 1989; 21:740-5

# **Apert syndrome; see Acrocephalosyndactylia**

# **Apocrine glands**

Treatment of apocrine chromhidrosis with topical capsaicin (Marks). 1989;21:418-20 (Case rep.)

# **Arteriovenous shunt, surgical**

Pseudo-Kaposi's sarcoma occurring after placement of arteriovenous shunt (Landthaler et al). 1989;21:499-505 (Case rep.)

# **Asbestos**

Malignant mesothelioma: diagnosis by skin biopsy (Berkowitz et al). 1989;21:1068-73 (Case rep.)

# **Ascorbic acid, deficiency**

Nutritional deficiency and the skin (Miller). 1989;21:1-30 (CME article)

# **Aspergillosis**

Subcutaneous mycoses (Tomecki et al). 1989;21:785-90 (Periodic synopsis)

# **Asthma**

In vitro determination of IgE antibodies in the diagnosis of atopic allergy (Johansson). 1989;21:819-20 (Symposium)

# **ATLV; see HTLV-I**

# **Atopic dermatitis; see Dermatitis, atopic**

# **Atopic hypersensitivity; see Hypersensitivity, immediate**

# **Atrial myoma; see Heart neoplasm**

# **Atrophia maculosa varioliformis cutis**

Atrophia maculosa varioliformis cutis with extrahepatic biliary atresia (Venencie et al). 1989;21:309 (Brief comm.)

# **Atrophic lipohagic granulomatous lipatrophy; see Panniculitis**

# **Atrophy**

Atrophia maculosa varioliformis cutis with extrahepatic biliary atresia (Venencie et al). 1989;21:309 (Brief comm.)

Cause of abnormal glucose metabolism in patients with lichen sclerosis et atrophicus (Ross and Sanchez). 1989;21:591 (Letter)

# **Audiologic disturbances; see Hearing disorders**

# 1344 Subject index

## Autoantibodies

Epidermal autoantibodies in erythema multiforme (Matsuoka et al). 1989;21:677-80

## Autoimmune diseases

Essential progressive telangiectasia in an autoimmune setting: successful treatment with acyclovir (Shelley and Shelley). 1989; 21:1094-6 (Case rep.)

Progressive systemic sclerosis and pemphigus vulgaris (Woscoff et al). 1989;21:142-4 (Brief comm.)

## Axilla, microbiology

Trichomycosis axillaris: a different view (Wilson and Dawber). 1989;21:325-6 (Letter)

## Azathioprine

Actinic reticuloid: response to cyclosporine (Norris et al). 1989; 21:307-9 (Brief comm.)

Cutaneous manifestations of immunosuppression in organ transplant recipients (Abel). 1989;21:167-79 (CME article)

## AZT, adverse effects; see Zidovudine, adverse effects

## B

## B lymphocytes

Studies of immunoglobulin and T cell receptor gene rearrangement in cutaneous B and T cell lymphomas (Liang et al). 1989;21: 457-60

Use of monoclonal antibodies (UCHL1, Ki-B3) against T and B cell antigens in routine paraffin-embedded skin biopsy specimens (Sterry and Hauschild). 1989;21:98-107 (Dermatopathology)

## Bacitracin

Contact allergies in patients with familial benign chronic pemphigus (Hailey-Hailey disease) (Reitamo et al). 1989;21:506-10

## Balanitis

Lichen aureus of the glans penis as an expression of Zoon's balanitis (Kossard and Shumack). 1989;21:804-6 (Brief comm.)

## Baldness; see Alopecia

## Bandages

Psoriasis therapy: comparative studies with a hydrocolloid dressing, plastic film occlusion, and triamcinolone acetonide cream (David and Lowe). 1989;21:511-4 (Therapy)

## Basal cell carcinoma; see Carcinoma, basal cell

## Basal cell nevus syndrome

Effectiveness of isotretinoin in preventing the appearance of basal cell carcinomas in basal cell nevus syndrome (Goldberg et al). 1989;21:144-5 (Brief comm.)

## Bazin's disease; see Erythema induratum

## Behavior therapy

Management of neurotic scratching with behavioral therapy (Welkowitz et al). 1989;21:802-4 (Brief comm.)

## Behçet's syndrome

Behçet's disease with severe cutaneous necrotizing vasculitis: response to plasma exchange—report of a case (Cornelis et al). 1989;21:576-9 (Brief comm.)

Behçet's syndrome associated with bullous necrotizing vasculitis (Lee et al). 1989;21:327-30 (Case rep.)

Skin hyperreactivity response (pathergy) in Behçet's disease (Gilhar et al). 1989;21:547-52 (Clin. rev.)

## Benign monoclonal gammopathies; see Monoclonal gammopathies, benign

## Benzene hexachloride

Pityriasis folliculorum revisited (Dominey et al). 1989;21:81-4

## Betamethasone 17-valerate

Contact allergies in patients with familial benign chronic pemphigus (Hailey-Hailey disease) (Reitamo et al). 1989;21:506-10

## Betamethasone 17-valerate—cont'd

Topical all-*trans*-retinoic acid prevents corticosteroid-induced skin atrophy without abrogating the anti-inflammatory effect (Lesnik et al). 1989;21:186-90

## Biliary atresia

Atrophia maculosa varioliformis cutis with extrahepatic biliary atresia (Venencie et al). 1989;21:309 (Brief comm.)

## Biochemical genetics; see Genetics, biochemical

## Biological models; see Models, biological

## Biopsy

Lafora's disease: What is the best site for skin biopsy? (Samlaska et al). 1989;21:791-2 (Brief comm.)

Malignant mesothelioma: diagnosis by skin biopsy (Berkowitz et al). 1989;21:1068-73 (Case rep.)

Use of monoclonal antibodies (UCHL1, Ki-B3) against T and B cell antigens in routine paraffin-embedded skin biopsy specimens (Sterry and Hauschild). 1989;21:98-107 (Dermatopathology)

## Biopsy, adverse effects

Severe hemorrhage from a 4 mm punch biopsy site in a hemophilia patient with acquired immunodeficiency syndrome (Maytin et al). 1989;21:1033-4 (Brief comm.)

## Biotin, deficiency

Nutritional deficiency and the skin (Miller). 1989;21:1-30 (CME article)

## Bites, human

Management of human and animal bite wounds (Goldstein). 1989; 21:1275-9 (Clin. rev.)

## Bites and stings

Benign lymphocytic infiltration (Jessner-Kanof): Another manifestation of borreliosis? (Abele et al). 1989;21:795-7 (Brief comm.)

Management of human and animal bite wounds (Goldstein). 1989; 21:1275-9 (Clin. rev.)

## Black piedra; see Mycoses, superficial

## Blacks

Carcinoembryonic antigen in basal cell neoplasms in black patients: an immunohistochemical study (Kidd et al). 1989;21:1007-10 (Dermatopathology)

## Blastomyces dermatitidis

Subcutaneous mycoses (Tomecki et al). 1989;21:785-90 (Periodic synopsis)

## Blastomycosis

Systemic mycoses (Tomecki et al). 1989;21:1285-93 (Periodic synopsis)

## Blister

A blistering eruption associated with Wilson's disease (Feldman et al). 1989;21:1030-2 (Brief comm.)

Blisters of the fingertips: a variant of bullous dermatosis of hemodialysis (Shelley and Shelley). 1989;21:1049-51 (Case rep.)

'Jewel-like' blisters in bullous pemphigoid (Trattner et al). 1989; 21:583-4 (Brief comm.)

## Blood, analysis

Marked increase of liver transaminases after khellin and UVA therapy (Duschet et al) (Letter); (Hönigsmann et al) (Reply). 1989; 21:592-4

## Blueberry muffin appearance; see Erythropeiosis

## Book reviews

Book reviews. 1989;21:595-8, 1322-6

## Borrelia infections

Benign lymphocytic infiltration (Jessner-Kanof): Another manifestation of borreliosis? (Abele et al). 1989;21:795-7 (Brief comm.)

## Botryomycosis; see Staphylococcus aureus

# **Breast neoplasms**

Granuloma annulare temporally associated with carcinoma of the breast (Stewart et al). 1989;21:309-11 (Brief comm.)

# **Brief communications**

Brief communications. 1989;21:131-51, 306-16, 568-84, 791-810, 1023-34, 1300-14

# **Bromodeoxyuridine**

Mucocutaneous complications of intraarterial 5-bromodeoxyuridine and radiation (McCuaig et al). 1989;21:1235-40

# **Brunsting-Perry pemphigoid; see Pemphigoid, bullous**

# **Bullous dermatoses; see Skin diseases, bullous**

# **Bullous pemphigoid; see Pemphigoid, bullous**

## **C**

# **Calcium channel blockers**

Angioedema from calcium channel blockers (Sadick et al). 1989; 21:132-3 (Brief comm.)

# **Cancer; see Neoplasms**

# **Candidiasis, chronic mucocutaneous**

Use of itraconazole in a patient with chronic mucocutaneous candidiasis (Burke). 1989;21:1309-10 (Brief comm.)

# **Capsaicin**

Topical capsaicin treatment of chronic postherpetic neuralgia (Bernstein et al). 1989;21:265-70 (Therapy)

Treatment of apocrine chromhidrosis with topical capsaicin (Marks). 1989;21:418-20 (Case rep.)

# **Carbon dioxide**

Infectious papillomavirus in the vapor of warts treated with carbon dioxide laser or electrocoagulation: detection and protection (Sawchuk et al). 1989;21:41-9

# **Carcinoembryonic antigen**

Carcinoembryonic antigen in basal cell neoplasms in black patients: an immunohistochemical study (Kidd et al). 1989;21:1007-10 (Dermatopathology)

Clear cell hidradenoma with whorl formation of squamoid cells: immunohistochemical and electron microscopic studies (Sato et al). 1989;21:271-7 (Dermatopathology)

# **Carcinogens**

Apparent absence of a benign precursor lesion: implications for the pathogenesis of malignant melanoma (Ross). 1989;21:529-38 (Clin. rev.)

Cutaneous manifestations of immunosuppression in organ transplant recipients (Abel). 1989;21:167-79 (CME article)

# **Carcinoma, basal cell**

Brunsting-Perry pemphigoid simulating basal cell carcinoma (Monihan et al). 1989;21:331-4 (Case rep.)

Carcinoembryonic antigen in basal cell neoplasms in black patients: an immunohistochemical study (Kidd et al). 1989;21:1007-10 (Dermatopathology)

Effectiveness of isotretinoin in preventing the appearance of basal cell carcinomas in basal cell nevus syndrome (Goldberg et al). 1989;21:144-5 (Brief comm.)

Intralesional treatment of basal cell carcinoma with low-dose recombinant interferon gamma (Tank et al). 1989;21:734-5

Papillary mesenchymal bodies: a histologic finding useful in differentiating trichoepitheliomas from basal cell carcinomas (Brooke et al). 1989;21:523-8 (Dermatopathology)

# **Carcinoma, squamous cell**

Cutaneous manifestations of immunosuppression in organ transplant recipients (Abel). 1989;21:167-79 (CME article)

# **Carcinoma, squamous cell—cont'd**

Metastases from squamous cell carcinoma of the skin and lip (Dinehart and Pollack). 1989;21:241-8

Pemphigus vulgaris and squamous cell carcinoma of the lung (Barnadas et al). 1989;21:793-5 (Brief comm.)

Two distinct squamous cell carcinomas in a psoriasis patient receiving low-dose cyclosporine maintenance treatment (Bos and Meinardi). 1989;21:1305-6 (Brief comm.)

# **Cardiolipins, immunology**

Neonatal lupus erythematosus with a high anticardiolipin antibody titer (Katayama et al). 1989;21:490-2

# **Carrier state**

Evaluation of the adult carrier state in juvenile tinea capitis caused by *Trichophyton tonsurans* (Babel and Baughman). 1989;21:1209-12

# **Case reports**

Case reports. 1989;21:327-442, 1049-164

# **Castleman's tumor; see Giant lymph node hyperplasia**

# **Cat ringworm; see Dermatophytes**

# **Cellular immunity; see Immunity, cellular**

# **Cellulitis**

Kaposi's sarcoma and *Mycobacterium avium-intracellulare* with cellulitis in patient with acquired immunodeficiency syndrome (DeCoste and Dover). 1989;21:574-6 (Brief comm.)

# **Chemical warfare**

Chemical warfare (Weigand). 1989;21:324-5 (Letter)

# **Chlorambucil**

Chlorambucil—an effective corticosteroid-sparing therapy for pyoderma gangrenosum (Callen et al). 1989;21:515-9 (Therapy)

# **Chlorthalidone, adverse effects**

Chlorthalidone-induced pseudoporphyria: clinical and microscopic findings of a case (Baker et al). 1989;21:1026-9 (Brief comm.)

# **Chondrodysplasia punctata**

X-linked dominant Conradi-Hünermann syndrome presenting as congenital erythroderma (Kalter et al). 1989;21:248-56

# **Chromhidrosis; see Sweat, abnormalities**

# **Chromoblastomycosis**

Subcutaneous mycoses (Tomecki et al). 1989;21:785-90 (Periodic synopsis)

# **Chromomycosis; see Chromoblastomycosis**

# **Chromosome abnormalities**

Lafora's disease. What is the best site for skin biopsy? (Samalaska et al). 1989;21:791-2 (Brief comm.)

Persistent skin ulcers, mutilations, and acro-osteolysis in hereditary sensory and autonomic neuropathy with phospholipid excretion (Böckers et al). 1989;21:736-9

# **Chronic actinic dermatitis; see Photosensitivity disorders**

# **Chronic lymphocytic leukemia; see Leukemia, lymphocytic, chronic**

# **Chronic mucocutaneous candidiasis; see Candidiasis, chronic mucocutaneous**

# **Chronic myelogenous leukemia; see Leukemia, myeloid, chronic**

# **Chronic myeloid leukemia; see Leukemia, myeloid, chronic**

# **Cicatrix**

Localized cicatricial pemphigoid (Brunsting-Perry): electron microscopic study (Leenutaphong et al). 1989;21:1089-93 (Case rep.)

Tufted hair folliculitis (Tong and Baden). 1989;21:1096-9 (Case rep.)

# **Cimetidine**

Cimetidine prevents recurrent erythema multiforme major resulting from herpes simplex virus infection (Kürkçüoğlu and Alli). 1989;21:814-5 (Letter)

# 1346 Subject index

## Citral

Allergic contact dermatitis resulting from sensitivity to citrus peel, geraniol, and citral (Cardullo et al). 1989;21:395-7 (Case rep.)

## Citrus fruits

Allergic contact dermatitis resulting from sensitivity to citrus peel, geraniol, and citral (Cardullo et al). 1989;21:395-7 (Case rep.)

## Clear cell hidradenoma; see Hidradenoma

## Clear cell tumors; see Giant cell tumors

## Clinical reviews

Clinical reviews. 1989;21:278-97, 529-52, 763-72, 985-91, 1257-79

## Clobetasol

Clobetasol-induced milia (Iacobelli et al). 1989;21:215-7

## Clonal proliferation of T lymphocytes; see Gene rearrangement, T cell antigen receptor, beta chain

## Clorazepate dipotassium

Photo-onycholysis caused by clorazepate dipotassium (Torras et al). 1989;21:1304-5 (Brief comm.)

## Cocaine

Erythematous cutaneous nodules caused by adulterated cocaine (Heng et al). 1989;21:570-2 (Brief comm.)

## Coccidioides immitis

Subcutaneous mycoses (Tomecki et al). 1989;21:785-90 (Periodic synopsis)

## Coccidioidomycosis

Systemic mycoses (Tomecki et al). 1989;21:1285-93 (Periodic synopsis)

## Colitis, ulcerative

Pyostomatitis vegetans (Ballo et al). 1989;21:381-7 (Case rep.)

## Collagen

Reactions to a bovine collagen implant (Charriere et al). 1989;21:1203-8

Short-term keloid treatment in vivo with human interferon alfa-2b results in a selective and persistent normalization of keloidal fibroblast collagen, glycosaminoglycan, and collagenase production in vitro (Berman and Duncan). 1989;21:694-702

## Collagen, deficiency

Ehlers-Danlos syndrome type IV: Another temperature-dependent skin disorder? (Superti-Furga and Steinmann). 1989;21:323 (Letter)

## Collagen diseases

Reactive perforating collagenosis in a setting of double disaster: acquired immunodeficiency syndrome and end-stage renal disease (Bank et al). 1989;21:371-4 (Case rep.)

Short-term keloid treatment in vivo with human interferon alfa-2b results in a selective and persistent normalization of keloidal fibroblast collagen, glycosaminoglycan, and collagenase production in vitro (Berman and Duncan). 1989;21:694-702

## Colonic polyps

Skin tags: Markers for colonic polyps? (Grafteo et al). 1989;21:1029-30 (Brief comm.)

## Colorectal neoplasms

Skin tags: Markers for colonic polyps? (Grafteo et al). 1989;21:1029-30 (Brief comm.)

## Commentaries

Commentaries. 1989;21:317-22, 1020-2

## Comparative study

Comparative multicenter studies with TRUE Test and Finn Chambers in eight Swedish hospitals (TRUE). 1989;21:846-9 (Symposium)

Psoriasis therapy: comparative studies with a hydrocolloid dressing, plastic film occlusion, and triamcinolone acetonide cream (David and Lowe). 1989;21:511-4 (Therapy)

## Compulsive behavior; see Obsessive-compulsive disorder

## Computer assisted diagnosis; see Diagnosis, computer assisted

## Congenital defects; see Abnormalities

## Connective tissue diseases

Annular atrophic connective tissue panniculitis of the ankles (Roth et al). 1989;21:1152-6 (Case rep.)

Anti-Ku antibodies in connective tissue diseases (Parodi and Rebo-ra). 1989;21:433-5 (Case rep.)

Congenital fascial dystrophy: stiff skin syndrome—a human counterpart of the tight-skin mouse (Jablonska et al). 1989;21:943-50

## Conradi-Hünermann syndrome; see Chondrodysplasia punctata

## Contact dermatitis; see Dermatitis, contact

## Continuing medical education

Continuing medical education. 1989;21:1-32, 167-82, 443-56, 655-76, 891-905, 1165-75

Continuing medical education examination. 1989;21:31-2, 180-2, 455-6, 674-5, 904-5, 1176

Continuing medical education examination answers. 1989;21:30, 182, 456, 676, 906, 1178

## Copper, deficiency

Nutritional deficiency and the skin (Miller). 1989;21:1-30 (CME article)

## Correspondence; see Letters

## Corticosteroids; see Adrenal cortex hormones

## Corynebacterium

Trichomycosis axillaris: a different view (Wilson and Dawber). 1989;21:325-6 (Letter)

## Cosmetics

How to instruct patients sensitive to fragrances (Larsen). 1989;21:880-4 (Symposium)

Riehl's melanosis: pigmented contact dermatitis caused by fragrances (Serrano et al). 1989;21:1057-60 (Case rep.)

## Cost benefit analysis

Is patch testing cost-effective? (Rietschel). 1989;21:885-7 (Symposium)

## Creatinine

Cyclosporine therapy for psoriasis: serum creatinine measurements are an unreliable predictor of decreased renal function (Gilbert et al). 1989;21:470-4

## Cryptococcosis

Systemic mycoses (Tomecki et al). 1989;21:1285-93 (Periodic synopsis)

## Cryptococcus neoformans

Subcutaneous mycoses (Tomecki et al). 1989;21:785-90 (Periodic synopsis)

## Current issues

Current issues. 1989;21:564, 1019

## Cushing's syndrome

Liposuction surgery for a buffalo hump caused by Cushing's disease (Narins). 1989;21:307 (Brief comm.)

## Cutaneous lupus erythematosus; see Lupus erythematosus, cutaneous

## Cutaneous lymphoid hyperplasia; see Hyperplasia

## Cutaneous manifestations; see Skin manifestations

## Cutaneous T-cell lymphoma

Cutaneous T cell lymphoma protocol therapy study (Lamberg). 1989;21:812 (Letter)

## Cutis laxa

Acral localized acquired cutis laxa (Fisher et al). 1989;21:33-40

Generalized pseudoxanthoma elasticum with deficiency of vitamin K-dependent clotting factors (Rongioletti et al). 1989;21:1150-2 (Case rep.)

**Cutis laxa, child**

Cutis laxa with ultrastructural abnormalities of elastic fiber (Kitano et al). 1989;21:378-80 (Case rep.)

**Cyclic adenosine monophosphate; see Adenosine cyclic monophosphate**

**Cyclosporins**

Cyclosporine in dermatology (Gupta et al). 1989;21:1245-56 (Therapy)

Cyclosporine therapy for severe atopic dermatitis (Taylor et al). 1989;21:580-3 (Brief comm.)

Effectiveness of cyclosporine treatment in severe psoriasis: a clinical and immunologic study (Finzi et al). 1989;21:91-7 (Therapy)

**Cyclosporins, adverse effects**

Actinic reticuloid: response to cyclosporine (Norris et al). 1989;21:307-9 (Brief comm.)

Cutaneous manifestations of immunosuppression in organ transplant recipients (Abel). 1989;21:167-79 (CME article)

Cyclosporine therapy for psoriasis: serum creatinine measurements are an unreliable predictor of decreased renal function (Gilbert et al). 1989;21:470-4

Two distinct squamous cell carcinomas in a psoriasis patient receiving low-dose cyclosporine maintenance treatment (Bos and Meinardi). 1989;21:1305-6 (Brief comm.)

**Cytodiagnosis**

Lymphomatoid papulosis and progression to T cell lymphoma: an immunophenotypic and genotypic analysis (Harrington et al). 1989;21:951-7

**Cytomegaloviruses**

Clinically occult cytomegalovirus present in skin biopsy specimens in immunosuppressed hosts (Horn and Hood). 1989;21:781-4 (Dermatopathology)

**Cytoskeleton**

Biochemical consequences of mechanical forces generated by distention and distortion (Ryan). 1989;21:115-30 (Special report)

**Cytotoxins**

Pharmacology. II. Systemic drugs in dermatology (Sherertz). 1989;21:298-305 (Periodic synopsis)

**D**

**Dapsone**

Acral localized acquired cutis laxa (Fisher et al). 1989;21:33-40

**Data collection**

The compilation of patch test information by the use of computerized data bases (Nethercott and Holness). 1989;21:877-80 (Symposium)

Duplicate reporting of patients with Rothmund-Thomson syndrome (Moss). 1989;21:815-6 (Letter)

**Decubitus ulcer; see also Skin ulcer**

Treatment of scleroderma skin ulcers with a hydrocolloid membrane (Milburn et al). 1989;21:200-4

Treatment of skin ulcers with cultured epidermal allografts (Phillips et al). 1989;21:191-9

Use of topical ketanserin in the treatment of skin ulcers: a double-blind study (Janssen et al). 1989;21:85-90 (Therapy)

**Degos' disease**

Degos' disease: a 10-year follow-up of a patient without visceral involvement (Plantin et al). 1989;21:136-7 (Brief comm.)

**Delayed hypersensitivity; see Hypersensitivity, delayed**

**Delivery of health care**

The Alexian project: making medicine work (Greenberg). 1989;21:1019 (Current issues)

**Demodex folliculitis; see Mite infestations**

The immunologic basis of patch testing (Belsito). 1989;21:822-9 (Symposium)  
Lichenoid dermatitis: a clinicopathologic and immunopathologic review of sixty-two cases (Oliver et al). 1989;21:284-92 (Clin. rev.)

## Dermatitis, contact, pathology

Lichenoid dermatitis: a clinicopathologic and immunopathologic review of sixty-two cases (Oliver et al). 1989;21:284-92 (Clin. rev.)  
A review of 79 cases of eyelid dermatitis (Nethercott et al). 1989;21:223-30

## Dermatitis, contact, prevention

Patch testing with isolated and identified substances in products: basis for prevention (Fregert). 1989;21:857-60 (Symposium)

## Dermatitis, immunology

Lichenoid dermatitis: a clinicopathologic and immunopathologic review of sixty-two cases (Oliver et al). 1989;21:284-92 (Clin. rev.)

## Dermatitis, occupational; see Occupational dermatitis

## Dermatitis exfoliativa

Erythrodermic psoriasis (Boyd and Menter). 1989;21:985-91 (Clin. rev.)

## Dermatitis herpetiformis

Bullous disease in systemic lupus erythematosus (Rappersberger et al). 1989;21:745-52

## Dermatitis herpetiformis—cont'd

IgA antiendomysial antibodies in dermatitis herpetiformis (Peters and McEvoy). 1989;21:1225-31

## Dermatitis medicamentosa

Furosemide-induced eruption simulating Sweet's syndrome (Cobb). 1989;21:339-43 (Case rep.)  
Lichenoid dermatitis: a clinicopathologic and immunopathologic review of sixty-two cases (Oliver et al). 1989;21:284-92 (Clin. rev.)

## Dermatofibrosarcoma protuberans; see Fibrosarcoma

## Dermatoglyphics

Specific dermatoglyphic patterns: a characteristic manifestation of acantholytic dyskeratotic dermatoses (Raff and Szilvassy). 1989;21:958-60

## Dermatographism; see Urticaria

## Dermatologic agents; see also specific agent

Pharmacology. I. Topical therapy in dermatology (Sherertz). 1989;21:108-14 (Periodic synopsis)  
Pharmacology. II. Systemic drugs in dermatology (Sherertz). 1989;21:298-305 (Periodic synopsis)  
Topical corticosteroid compounding: effects on physicochemical stability and skin penetration rate (Krochmal et al). 1989;21:979-84 (Therapy)

## Dermatologic surgery

Dermatologic surgery. 1989;21:992-8

## Dermatomycoses

Sulconazole nitrate 1% cream in the treatment of chronic moccasin-type tinea pedis caused by *Trichophyton rubrum* (Akers et al). 1989;21:686-9  
The superficial mycoses and the dermatophytes (Elewski and Hazen). 1989;21:655-73 (CME article)

## Dermatomyositis

Anti-Ku antibodies in connective tissue diseases (Parodi and Rebo-ra). 1989;21:433-5 (Case rep.)  
Skin lesions simulating chronic dermatomyositis during long-term hydroxyurea therapy (Richard et al). 1989;21:797-9 (Brief comm.)

## Dermatopathology

Dermatopathology. 1989;21:98-107, 271-7, 523-8, 773-84, 999-1010, 1280-4

## Dermatophytes

The superficial mycoses and the dermatophytes (Elewski and Hazen). 1989;21:655-73 (CME article)

## Dexamethasone

Topical all-*trans*-retinoic acid prevents corticosteroid-induced skin atrophy without abrogating the anti-inflammatory effect (Lesnik et al). 1989;21:186-90

## Diabetes

Cause of abnormal glucose metabolism in patients with lichen sclerosus et atrophicus (Ross and Sanchez). 1989;21:591 (Letter)

## Diagnosis, computer assisted

Optical profilometry: an objective method for quantification of facial wrinkles (Grove et al). 1989;21:631-7 (Symposium)

## Diagnosis, differential

Brunsting-Perry pemphigoid simulating basal cell carcinoma (Monihan et al). 1989;21:331-4 (Case rep.)  
Chlorthalidone-induced pseudoporphyria: clinical and microscopic findings of a case (Baker et al). 1989;21:1026-9 (Brief comm.)  
Eruptive infundibulomas (Kossard et al). 1989;21:361-6 (Case rep.)  
Furosemide-induced eruption simulating Sweet's syndrome (Cobb). 1989;21:339-43 (Case rep.)  
Herpes simplex mimicking leukemia cutis (Hassel and Leshner). 1989;21:367-71 (Case rep.)

**Diagnosis, differential—cont'd**

Histiocytoid hemangioma: a disease spectrum (Dannaker et al). 1989;21:404-9 (Case rep.)

Porokeratosis palmaris et plantaris disseminata: an unusual clinical presentation (Patrizi et al). 1989;21:415-8 (Case rep.)

Subcutaneous myospherulosis (Waldman et al). 1989;21:400-3 (Case rep.)

**Dicyclohexylcarbodiimide**

Contact allergic dermatitis to dicyclohexylcarbodiimide used in protein synthesis (Hoffman and Adams). 1989;21:436-7 (Case rep.)

**Dideoxycytidine**

Dermatologic complications associated with administration of 2',3'-dideoxycytidine in patients with human immunodeficiency virus infection (McNeely et al). 1989;21:1213-7

**Differential diagnosis; see Diagnosis, differential**

**Dinitrochlorobenzene**

Interferon- $\gamma$  as adjuvant therapy for resistant warts (Shiohara et al). 1989;21:387-91 (Case rep.)

**Diphenylprone**

Diphenylprone for warts (Martin). 1989;21:594 (Letter)

**Diphenhydramine, adverse effects**

Severe reaction to diphenhydramine (Ramsdell) (Letter); (Grekin and Auletta) (Reply). 1989;21:1318-20

**Diptera**

North American cuterebrid myiasis (Baird et al). 1989;21:763-72 (Clin. rev.)

**Discoid lupus erythematosus; see Lupus erythematosus, discoid**

**Disease models, animal**

The ultraviolet-irradiated hairless mouse: a model for photoaging (Kligman). 1989;21:623-31 (Symposium)

**Disseminated superficial actinic porokeratosis; see Keratosis**

**DNA probes, HPV**

Focal epithelial hyperplasia (Garlick et al) (Letter); (Tschen) (Reply). 1989;21:1036-7

**DNA rearrangement; see Gene rearrangement**

**Double-blind method**

Treatment of photodamaged facial skin with topical tretinoin (Leyden et al). 1989;21:638-44 (Symposium)

Use of topical ketanserin in the treatment of skin ulcers: a double-blind study (Janssen et al). 1989;21:85-90 (Therapy)

**Dressings; see Bandages**

**Drug eruptions; see Dermatitis medicamentosa**

**Drug hypersensitivity**

Angioedema from calcium channel blockers (Sadick et al). 1989;21:132-3 (Brief comm.)

Recurrent bouts of photodermatitis (Jensen). 1989;21:1036 (Letter)

**Drug resistance, microbial**

Skin-isolated, community-acquired *Staphylococcus aureus*: in vitro resistance to methicillin and erythromycin (Ohana et al). 1989;21:544-6 (Clin. rev.)

**Drug therapy**

Pharmacology. I. Topical therapy in dermatology (Sherertz). 1989;21:108-14 (Periodic synopsis)

Pharmacology. II. Systemic drugs in dermatology (Sherertz). 1989;21:298-305 (Periodic synopsis)

**Drug therapy, adverse effects**

Malignant melanoma associated with multiple therapies for psoriasis (Barnhill and Wiles). 1989;21:148-50 (Brief comm.)

Usefulness of case report literature in determining drugs responsible for toxic epidermal necrolysis (Stern and Chan). 1989;21:317-22 (Commentary)

**Dysplastic nevus syndrome**

Nevomelanocytic proliferations in association with cutaneous malignant melanoma: a multivariate analysis (Gruber et al). 1989;21:773-80 (Dermatopathology)

**E**

**Eating disorders; see Anorexia nervosa**

**Eczema**

Actinic reticuloid: response to cyclosporine (Norris et al). 1989;21:307-9 (Brief comm.)

The itches of Jean-Paul Marat (Murphy). 1989;21:565-7 (Whimsy)

**Editorial**

Editorial. 1989;21:1011

**Education, medical**

Public and professional educational materials on skin cancer (Grossman). 1989;21:1012-8 (Special rep.)

**Education, patient; see Patient education**

**Ehlers-Danlos syndrome**

Ehlers-Danlos syndrome type IV: Another temperature-dependent skin disorder? (Superti-Furga and Steinmann). 1989;21:323 (Letter)

**Eicosanoic acids**

Effect of highly purified eicosapentaenoic acid on psoriasis (Kojima et al). 1989;21:150-1 (Brief comm.)

**Elastin**

Cutis laxa with ultrastructural abnormalities of elastic fiber (Kitano et al). 1989;21:378-80 (Case rep.)

**Elastofibroma; see Fibroma**

**Electrocoagulation**

Infectious papillomavirus in the vapor of warts treated with carbon dioxide laser or electrocoagulation: detection and protection (Sawchuk et al). 1989;21:41-9

**Electron microscopy; see Microscopy, electron**

**End-stage renal disease; see Kidney failure, chronic**

**Endocrine diseases**

Plasma cell dyscrasia: a case of POEMS syndrome with a unique dermatologic presentation (Feddersen et al). 1989;21:1061-8

**Endometriosis**

Cutaneous endometriosis with unusual histologic features (Kuehn-Petzoldt). 1989;21:155 (Letter)

**Eosinophils**

Evidence for eosinophil degranulation with deposition of granule major basic protein in solar urticaria (Leiferman et al). 1989;21:75-80

**Epidermal cyst**

Clobetasol-induced milia (Iacobelli et al). 1989;21:215-7

Milia en plaque (Samlaska and Benson). 1989;21:311-3 (Brief comm.)

**Epidermal necrolysis, toxic**

Usefulness of case report literature in determining drugs responsible for toxic epidermal necrolysis (Stern and Chan). 1989;21:317-22 (Commentary)

**Epidermis**

Histology of sun-damaged human skin (Montagna et al). 1989;21:907-18

Nevus comedonicus associated with epidermal nevus (Kim and Kang). 1989;21:1085-8

Reproduction of the characteristic morphologic changes of familial benign chronic pemphigus in cultures of lesional keratinocytes onto dead deepdermized dermis (de Dobbeleer et al). 1989;21:961-5

# 1350 Subject index

## Epidermis, transplantation

Transplantation of in vitro-cultured epidermis bearing melanocytes for repigmenting vitiligo (Falabella et al). 1989;21:257-64

## Epidermolysis bullosa

Epidermolysis bullosa simplex with mottled pigmentation (Bruckner-Tuderman et al). 1989;21:425-32 (Case rep.)

## Epilepsy, myoclonus

Lafora's disease: What is the best site for skin biopsy? (Samlaska et al). 1989;21:791-2 (Brief comm.)

## Epithelium

Focal epithelial hyperplasia (Garlick et al) (Letter); (Tschen) (Reply). 1989;21:1036-7

Milia en plaque (Samlaska and Benson). 1989;21:311-3 (Brief comm.)

## Epstein-Barr virus

Comparison of the efficacy of surgery and acyclovir therapy in oral hairy leukoplakia (Herbst et al). 1989;21:753-6 (Therapy)

Cutaneous manifestations of immunosuppression in organ transplant recipients (Abel). 1989;21:167-79 (CME article)

## Eruptive keratoacanthoma; see Keratoacanthoma

## Erythema

Annular erythema associated with primary Sjögren syndrome: analysis of T cell subsets in cutaneous infiltrates (Katayama et al). 1989;21:1218-21

Delayed shear-induced dermatographism and delayed pressure-induced dermatographism are distinct entities (Shuster). 1989;21:588-9 (Letter)

Eczema-like, erythematous, infiltrated plaques: a common side effect of subcutaneous heparin therapy (Klein et al). 1989;21:703-7

Effect of indomethacin on UVB- and UVA-induced erythema in polymorphic light eruption (Farr and Diffey). 1989;21:230-6

Erythema dyschromicum perstans and lichen planus: Are they related? (Berger et al). 1989;21:438-42 (Case rep.)

Erythema marginatum: an unusual histopathologic manifestation (Sahn et al). 1989;21:145-7 (Brief comm.)

Skin color reflectance measurements for objective quantification of erythema in human beings (Wilhelm and Maibach). 1989;21:1306-8 (Brief comm.)

Terfenadine inhibits itch and wheal, but not abnormal erythema, in physical urticarias (Cox et al). 1989;21:586-7 (Letter)

## Erythema induratum

Erythema induratum (Bazin's disease) (Rademaker et al). 1989;21:740-5

## Erythema infectiosum; see Exanthema

## Erythema migrans; see Glossitis, benign migratory

## Erythema multiforme

Cimetidine prevents recurrent erythema multiforme major resulting from herpes simplex virus infection (Kürkçüoğlu and Alli). 1989;21:814-5 (Letter)

Epidermal autoantibodies in erythema multiforme (Matsuoka et al). 1989;21:677-80

Rowell's syndrome (Parodi et al). 1989;21:374-7 (Case rep.)

## Erythema nodosum

Erythematous cutaneous nodules caused by adulterated cocaine (Heng et al). 1989;21:570-2 (Brief comm.)

## Erythroderma

Erythrodermic psoriasis (Boyd and Menter). 1989;21:985-91 (Clin. rev.)

## Erythroderma, congenital

X-linked dominant Conradi-Hünemann syndrome presenting as congenital erythroderma (Kalter et al). 1989;21:248-56

## Erythromelalgia

Idiopathic erythromelalgia: a congenital disorder (Michiels et al). 1989;21:1128-30 (Case rep.)

## Erythromycin

Skin-isolated, community-acquired *Staphylococcus aureus*: in vitro resistance to methicillin and erythromycin (Ohana et al). 1989;21:544-6 (Clin. rev.)

## Erythropoiesis

Transient blueberry muffin appearance of a newborn with congenital monoblastic leukemia (Gottesfeld et al). 1989;21:347-51 (Case rep.)

## Erythropoietic protoporphyria; see Porphyrin

## Esophagus

Pemphigus vulgaris of the esophagus in women (Goldberg and Weiss). 1989;21:1115-8 (Case rep.)

## Etretinate

Keratosis lichenoides chronica with prominent telangiectasia: response to etretinate (David et al). 1989;21:1112-4 (Case rep.)

## Etymology; see Nomenclature

## Exanthema

The six classic childhood exanthems: a review and update (Bialecki et al). 1989;21:891-903 (CME article)

## Exanthema subitum

The six classic childhood exanthems: a review and update (Bialecki et al). 1989;21:891-903 (CME article)

## Extracellular matrix

Molecular mechanisms of cutaneous aging (Uitto et al). 1989;21:614-22 (Symposium)

## Extremities

Acral localized acquired cutis laxa (Fisher et al). 1989;21:33-40

Acral persistent papular mucinosis (Flowers et al). 1989;21:293-7 (Clin. rev.)

## Eyelid diseases

A review of 79 cases of eyelid dermatitis (Nethercott et al). 1989;21:223-30

Treatment of xanthelasma with Solcoderm (Ronnen et al). 1989;21:807-9 (Brief comm.)

## F

## Face, physiology

Optical profilometry: an objective method for quantification of facial wrinkles (Grove et al). 1989;21:631-7 (Symposium)

## Fascia, abnormalities, congenital

Congenital fascial dystrophy: stiff skin syndrome—a human counterpart of the tight-skin mouse (Jablonska et al). 1989;21:943-50

## Fat necrosis

Nodular-cystic fat necrosis (Hurt and Cruz). 1989;21:493-8

## Fatty acids

Is the origin of atopy linked to deficient conversion of  $\omega$ -6-fatty acids to prostaglandin  $E_A$ ? (Melnik and Plewig). 1989;21:557-63 (Special article)

## Fatty acids, essential, deficiency

Nutritional deficiency and the skin (Miller). 1989;21:1-30 (CME article)

## Fetal death

Herpes gestationis, umbilical cord knot, and fetal death (Frumkin). 1989;21:812-3 (Letter)

## Fibroblasts

Dermatofibrosarcoma protuberans of the scalp: a series of cases (Rockley et al). 1989;21:278-83 (Clin. rev.)

**Fibroblasts—cont'd**

Short-term keloid treatment in vivo with human interferon alfa-2b results in a selective and persistent normalization of keloidal fibroblast collagen, glycosaminoglycan, and collagenase production in vitro (Berman and Duncan). 1989;21:694-702

Stimulation of fibroblasts by paraprotein in scleromyxedema (White and Jeffes). 1989;21:816 (Letter)

**Fibroma**

Ulcerating elastofibroma dorsi (Schwarz et al). 1989;21:1142-4 (Case rep.)

**Fibrosarcoma**

Dermatofibrosarcoma protuberans of the scalp: a series of cases (Rockley et al). 1989;21:278-83 (Clin. rev.)

**Fifth disease; see Exanthema**

**Filatow-Dukes' disease; see Exanthema**

**Fingers**

Blisters of the fingertips: a variant of bullous dermatosis of hemodialysis (Shelley and Shelley). 1989;21:1049-51 (Case rep.)

**Flies; see Diptera**

**Fluorescent antibody technic**

Syphilitic gastritis: demonstration of *Treponema pallidum* with the use of fluorescent treponemal antibody absorption complement and immunoperoxidase stains (Chung et al). 1989;21:183-5

**Fluorinated steroids; see Steroids, fluorinated**

**Follicular cyst**

Pigmented follicular cyst (Caballero and Yus). 1989;21:1073-5 (Case rep.)

**Folliculitis**

Acne necroticans (variiformis) versus *Propionibacterium acnes* folliculitis (Maibach). 1989;21:323 (Letter)

Atypical plaque-like staphylococcal folliculitis in human immunodeficiency virus-infected persons (Becker et al). 1989;21:1024-6 (Brief comm.)

Papular pruritic eruption of *Demodex* folliculitis in patients with acquired immunodeficiency syndrome (Ashack et al). 1989;21:306-7 (Brief comm.)

Tufted hair folliculitis (Tong and Baden). 1989;21:1096-9 (Case rep.)

**Food handling**

Occupational dermatitis in food handlers and bakers (Nethercott and Holness). 1989;21:485-90

**Foot dermatoses**

Specific dermatoglyphic patterns: a characteristic manifestation of acantholytic dyskeratotic dermatoses (Raff and Szilvassy). 1989;21:958-60

**Foreign body reaction**

Subcutaneous myospherulosis (Waldman et al). 1989;21:400-3 (Case rep.)

**Formaldehyde**

Proallergens of formaldehyde applied in patch testing of formaldehyde contact allergy (Hansen et al). 1989;21:838-40 (Symposium)

**Fourth disease; see Exanthema**

**Fragrances; see Perfume**

**Fungi**

The superficial mycoses and the dermatophytes (Elewski and Hazen). 1989;21:655-73 (CME article)

**Fungus diseases; see Mycoses**

**Furosemide**

Furosemide-induced eruption simulating Sweet's syndrome (Cobb). 1989;21:339-43 (Case rep.)

**G**

**Gas poisoning**

Chemical warfare (Weigand). 1989;21:324-5 (Letter)

**Gastritis**

Syphilitic gastritis: demonstration of *Treponema pallidum* with the use of fluorescent treponemal antibody absorption complement and immunoperoxidase stains (Chung et al). 1989;21:183-5

**Gene rearrangement**

Studies of immunoglobulin and T cell receptor gene rearrangement in cutaneous B and T cell lymphomas (Liang et al). 1989;21:457-60

**Gene rearrangement, T cell antigen receptor, beta chain**

Demonstration of clonal proliferation of T lymphocytes in early neoplastic disease (Tanaka et al). 1989;21:218-23

Studies of immunoglobulin and T cell receptor gene rearrangement in cutaneous B and T cell lymphomas (Liang et al). 1989;21:457-60

**Genes, immunoglobulin**

Studies of immunoglobulin and T cell receptor gene rearrangement in cutaneous B and T cell lymphomas (Liang et al). 1989;21:457-60

**Genetics, biochemical**

Molecular mechanisms of cutaneous aging (Uitto et al). 1989;21:614-22 (Symposium)

**Geraniol**

Allergic contact dermatitis resulting from sensitivity to citrus peel, geraniol, and citral (Cardullo et al). 1989;21:395-7 (Case rep.)

**Giant cell granuloma; see Giant cell tumors**

**Giant cell tumors**

Giant clear cell acanthoma in an atypical location (Langtry et al). 1989;21:313-5 (Brief comm.)

Papular lesions associated with annular elastolytic giant cell granuloma (Kato et al). 1989;21:398-400 (Case rep.)

**Giant lymph node hyperplasia**

Castleman's tumor and erosive lichen planus: Coincidence or association? (Ashinoff et al). 1989;21:1076-80 (Case rep.)

**Glans penis; see Penis**

**Glossitis, benign migratory**

Clinical and microbiologic findings in six patients with erythema migrans of Lyme disease (Berger and Johnson). 1989;21:1188-91

**Glucagonoma**

Nutritional deficiency and the skin (Miller). 1989;21:1-30 (CME article)

**Glucose, metabolism**

Cause of abnormal glucose metabolism in patients with lichen sclerosus et atrophicus (Ross and Sanchez). 1989;21:591 (Letter)

**Glycosaminoglycans**

Short-term keloid treatment in vivo with human interferon alfa-2b results in a selective and persistent normalization of keloidal fibroblast collagen, glycosaminoglycan, and collagenase production in vitro (Berman and Duncan). 1989;21:694-702

**Granuloma**

Eruptive disseminated lobular capillary hemangioma (pyogenic granuloma) (Wilson et al). 1989;21:391-4 (Case rep.)

Granuloma annulare temporally associated with carcinoma of the breast (Stewart et al). 1989;21:309-11 (Brief comm.)

Granulomatous eruption after BCG vaccine immunotherapy for malignant melanoma (Shea et al). 1989;21:1119-22 (Case rep.)

Histiocytoid hemangioma: a disease spectrum (Dannaker et al). 1989;21:404-9 (Case rep.)

# 1352 Subject index

## Granuloma—cont'd

Linear granuloma annulare (Harpster et al). 1989;21:1138-41 (Case rep.)

Papular lesions associated with annular elastolytic giant cell granuloma (Kato et al). 1989;21:398-400 (Case rep.)

Recurrent pyogenic granuloma with satellitosis (Blickenstaff et al). 1989;21:1241-4

## Granulomatous disease, chronic

Lichenoid granulomatous papular dermatosis associated with human immunodeficiency virus infection (Heymann) (Letter); (Viraben) (Reply). 1989;21:589

## GRATEFUL MED software

GRATEFUL MED (Anderson). 1989;21:564 (Current issues)

## Grenz rays; see X-rays

## Griseofulvin

Erythema dyschromicum perstans and lichen planus: Are they related? (Berger et al). 1989;21:438-42 (Case rep.)

Subacute cutaneous lupus erythematosus lesions precipitated by griseofulvin (Miyagawa et al). 1989;21:343-6 (Case rep.)

## Growth inhibitors

Treatment of psoriasis with long-term administration of somatostatin analog 201-995 (Camisa et al). 1989;21:139-41 (Brief comm.)

## Grzybowski's eruptive keratoacanthoma; see Keratoacanthoma

## H

## Hailey-Hailey disease; see Pemphigus, histology; Pemphigus, immunology

## Hair

Tufted hair folliculitis (Tong and Baden). 1989;21:1096-9 (Case rep.)

## Hair, growth

Scalp whorls (Samalaska et al). 1989;21:553-6 (Special article)

Telogen effluvium and minoxidil (Bardelli and Rebora). 1989;21:572-3 (Brief comm.)

## Hair color

Hair discoloration caused by minoxidil lotion (Rebora and Guarre-ra). 1989;21:1314 (Brief comm.)

## Hairy cell leukemia; see Leukemia, hairy cell

## Hand dermatoses

Acral persistent papular mucinosis (Flowers et al). 1989;21:293-7 (Clin. rev.)

Specific dermatoglyphic patterns: a characteristic manifestation of acantholytic dyskeratotic dermatoses (Raff and Szilvassy). 1989;21:958-60

## Harlequin fetus; see Ichthyosis, congenital

## Hay fever

In vitro determination of IgE antibodies in the diagnosis of atopic allergy (Johansson). 1989;21:819-20 (Symposium)

## Health education; see also Patient education

Public and professional educational materials on skin cancer (Grossman). 1989;21:1012-8 (Special rep.)

## Hearing disorders

Audiologic disturbances in vitiligo (Orecchia et al). 1989;21:1317-8 (Letter)

## Heart neoplasm

Cutaneous manifestation of atrial myxoma (Feldman and Keeling). 1989;21:1080-4 (Case rep.)

## Hemangioendothelioma

Malignant angioendotheliomatosis: an angiotropic lymphoma (Petroff et al). 1989;21:727-33

## Hemangioma

Eruptive disseminated lobular capillary hemangioma (pyogenic granuloma) (Wilson et al). 1989;21:391-4 (Case rep.)

Histiocytoid hemangioma: a disease spectrum (Dannaker et al). 1989;21:404-9 (Case rep.)

## Hemodialysis

Blisters of the fingertips: a variant of bullous dermatosis of hemodialysis (Shelley and Shelley). 1989;21:1049-51 (Case rep.)

## Hemophilia

Severe hemorrhage from a 4 mm punch biopsy site in a hemophilia patient with acquired immunodeficiency syndrome (Maytin et al). 1989;21:1033-4 (Brief comm.)

## Hemorrhage

Severe hemorrhage from a 4 mm punch biopsy site in a hemophilia patient with acquired immunodeficiency syndrome (Maytin et al). 1989;21:1033-4 (Brief comm.)

## Heparin, adverse effects

Eczema-like, erythematous, infiltrated plaques: a common side effect of subcutaneous heparin therapy (Klein et al). 1989;21:703-7

## Hepatolenticular degeneration

A blistering eruption associated with Wilson's disease (Feldman et al). 1989;21:1030-2 (Brief comm.)

## Hepatomegaly

Is chronic diffuse hepatopathy a manifestation of neurofibromatosis? (Romero et al). 1989;21:1026 (Brief comm.)

Plasma cell dyscrasia: a case of POEMS syndrome with a unique dermatologic presentation (Feddersen et al). 1989;21:1061-8

## Hepatosplenomegaly; see Hepatomegaly; Splenomegaly

## Hereditary diseases

Congenital fascial dystrophy: stiff skin syndrome—a human counterpart of the tight-skin mouse (Jablonska et al). 1989;21:943-50

Cutis laxa with ultrastructural abnormalities of elastic fiber (Kitano et al). 1989;21:378-80 (Case rep.)

Hereditary mucocutaneous dysplasia (Scheman et al). 1989;21:351-7 (Case rep.)

Persistent skin ulcers, mutilations, and acro-osteolysis in hereditary sensory and autonomic neuropathy with phospholipid excretion (Böckers et al). 1989;21:736-9

## Hereditary sensory and autonomic neuropathy; see Neuropathies, hereditary sensory and autonomic

## Heroin dependence

Reactive perforating collagenosis in a setting of double disaster: acquired immunodeficiency syndrome and end-stage renal disease (Bank et al). 1989;21:371-4 (Case rep.)

## Herpes genitalis

Herpes simplex mimicking leukemia cutis (Hassel and Leshner). 1989;21:367-71 (Case rep.)

## Herpes gestationis

Herpes gestationis, umbilical cord knot, and fetal death (Frumkin). 1989;21:812-3 (Letter)

## Herpes simplex

Herpes simplex infection associated with pemphigus vulgaris (Brown and Taylor). 1989;21:1126-8 (Case rep.)

Herpes simplex mimicking leukemia cutis (Hassel and Leshner). 1989;21:367-71 (Case rep.)

## Herpes simplex, genital; see Herpes genitalis

## Herpes simplex virus; see Herpesvirus hominis

## Herpes zoster

Grzybowski's eruptive keratoacanthoma (Lloyd et al). 1989;21:1023-4 (Brief comm.)

**Herpes zoster, complications**

Topical capsaicin treatment of chronic postherpetic neuralgia (Bernstein et al). 1989;21:265-70 (Therapy)

**Herpesvirus hominis**

Cimetidine prevents recurrent erythema multiforme major resulting from herpes simplex virus infection (Kürkçüoğlu and Alli). 1989;21:814-5 (Letter)

**Hidradenoma**

Clear cell hidradenoma with whorl formation of squamoid cells: immunohistochemical and electron microscopic studies (Satoh et al). 1989;21:271-7 (Dermatopathology)

**Histamine antagonists**

Pharmacology. II. Systemic drugs in dermatology (Sherertz). 1989;21:298-305 (Periodic synopsis)

**Histiocytes**

Histiocytoid hemangioma: a disease spectrum (Dannaker et al). 1989;21:404-9 (Case rep.)

Subcutaneous xanthogranulomatosis: an inflammatory non-X histiocytic syndrome (subcutaneous xanthomatosis) (Winkelman and Oliver). 1989;21:924-9

**Histiocytoid hemangioma; see Hemangioma**

**Histiocytosis, malignant**

Sinus histiocytosis (Esterly and Gonzalez-Crussi). 1989;21:155 (Letter)

**Histology**

Papillary mesenchymal bodies: a histologic finding useful in differentiating trichoepitheliomas from basal cell carcinomas (Brooke et al). 1989;21:523-8 (Dermatopathology)

**Histology**

Histology of sun-damaged human skin (Montagna et al). 1989;21:907-18

**Histoplasma capsulatum**

Subcutaneous mycoses (Tomecki et al). 1989;21:785-90 (Periodic synopsis)

**Histoplasmosis**

Systemic mycoses (Tomecki et al). 1989;21:1285-93 (Periodic synopsis)

**HIV**

Atypical plaque-like staphylococcal folliculitis in human immunodeficiency virus-infected persons (Becker et al). 1989;21:1024-6 (Brief comm.)

Comparison of the efficacy of surgery and acyclovir therapy in oral hairy leukoplakia (Herbst et al). 1989;21:753-6 (Therapy)

Human immunodeficiency virus infection and syphilis (Fiumara). 1989;21:141-2 (Brief comm.)

Lichenoid granulomatous papular dermatosis associated with human immunodeficiency virus infection (Heymann) (Letter); (Viraben) (Reply). 1989;21:589

Ulcerative syphilis in acquired immunodeficiency syndrome: a case of precocious tertiary syphilis in a patient infected with human immunodeficiency virus (Bari et al). 1989;21:1310-2 (Brief comm.)

**HIV-1**

Antiretroviral therapy (Thiers). 1989;21:443-54 (CME article)

**HIV infection; see Acquired immunodeficiency syndrome**

**Hives; see Urticaria**

**HLA-DR antigens**

HLA-DR positivity in discoid lupus erythematosus (Miori et al). 1989;21:1316-7 (Letter)

**Hodgkin's disease**

A case of lymphomatoid papulosis and Hodgkin's disease (Pinto et al). 1989;21:1051-6 (Case rep.)

**HTLV-I**

Demonstration of clonal proliferation of T lymphocytes in early neoplastic disease (Tanaka et al). 1989;21:218-23

**Human immunodeficiency virus; see HIV**

**Human immunodeficiency virus type 1; see HIV-1**

**Human T-cell leukemia virus I; see HTLV-I**

**Hydrocolloid membrane; see Occlusive dressings**

**Hydrocortisone**

Contact allergies in patients with familial benign chronic pemphigus (Hailey-Hailey disease) (Reitamo et al). 1989;21:506-10

Contact allergy to corticosteroids: A frequently missed diagnosis? (Dooms-Goossens et al). 1989;21:538-43 (Clin. rev.)

**Hydrostatic pressure**

Biochemical consequences of mechanical forces generated by distention and distortion (Ryan). 1989;21:115-30 (Special report)

**Hydroxy acids**

Comparative efficacy of 12% ammonium lactate lotion and 5% lactic acid lotion in the treatment of moderate to severe xerosis (Rogers et al). 1989;21:714-6

**Hydroxyurea, adverse effects**

Skin lesions simulating chronic dermatomyositis during long-term hydroxyurea therapy (Richard et al). 1989;21:797-9 (Brief comm.)

**Hyperlipidemia**

Eruptive xanthomas in a child with the nephrotic syndrome (Teltscher et al). 1989;21:1147-9 (Case rep.)

Hyperlipidemic xanthomas (Mishkel) (Letter); (Cruz) (Reply). 1989;21:1037-8

**Hyperparathyroidism, secondary**

Acquired ichthyosis and hyperparathyroidism (London and Lebowitz). 1989;21:801-2 (Brief comm.)

**Hyperplasia**

Cutaneous lymphoid hyperplasia (Medeiros et al). 1989;21:929-42  
Focal epithelial hyperplasia (Garlick et al) (Letter); (Tschien) (Reply). 1989;21:1036-7

**Hypersensitivity**

Allergic contact dermatitis resulting from sensitivity to citrus peel, geraniol, and citral (Cardullo et al). 1989;21:395-7 (Case rep.)

Aquagenic pruritus: treatment with sodium bicarbonate and evidence for a seasonal form (Bircher). 1989;21:817 (Letter)

Contact allergic dermatitis to dicyclohexylcarbodiimide used in protein synthesis (Hoffman and Adams). 1989;21:436-7 (Case rep.)

Furosemide-induced eruption simulating Sweet's syndrome (Cobb). 1989;21:339-43 (Case rep.)

Skin hyperreactivity response (pathergy) in Behçet's disease (Gilhar et al). 1989;21:547-52 (Clin. rev.)

**Hypersensitivity, contact; see Dermatitis, contact**

**Hypersensitivity, delayed**

Eczema-like, erythematous, infiltrated plaques: a common side effect of subcutaneous heparin therapy (Klein et al). 1989;21:703-7

**Hypersensitivity, immediate**

Aeroallergen contact can exacerbate atopic dermatitis: patch tests as a diagnostic tool (Clark and Adinoff). 1989;21:863-9 (Symposium)

Is the origin of atopy linked to deficient conversion of  $\omega$ -6-fatty acids to prostaglandin E<sub>A</sub>? (Melnik and Plewig). 1989;21:557-63 (Special articles)

Seasonal alopecia areata with atopy (Crosby and Gammon). 1989;21:806-7 (Brief comm.)

**Hypopigmentation; see Pigmentation disorders**

**Hypothyroidism**

Epidermal autoantibodies in erythema multiforme (Matsuoka et al). 1989;21:677-80

## I

**Ichthyosis**

Acquired ichthyosis and hyperparathyroidism (London and Lebowitz). 1989;21:801-2 (Brief comm.)

Comparative efficacy of 12% ammonium lactate lotion and 5% lactic acid lotion in the treatment of moderate to severe xerosis (Rogers et al). 1989;21:714-6

**Ichthyosis, congenital**

Harlequin ichthyosis: an ultrastructural study (Fleck et al). 1989;21:999-1006 (Dermatopathology)

Long-term survival of a harlequin fetus (Roberts). 1989;21:335-9 (Case rep.)

**Idiopathic chronic photodermatitis; see Photosensitivity disorders****IgA**

IgA antiendomysial antibodies in dermatitis herpetiformis (Peters and McEvoy). 1989;21:1225-31

IgA benign monoclonal gammopathy with recurrent self-healing skin tumors (Abraham and Feuerman). 1989;21:1303-4 (Brief comm.)

**IgE**

In vitro determination of IgE antibodies in the diagnosis of atopic allergy (Johansson). 1989;21:819-20 (Symposium)

**Imidazoles**

Sulconazole nitrate 1% cream in the treatment of chronic moccasin-type tinea pedis caused by *Trichophyton rubrum* (Akers et al). 1989;21:686-9

**Immune tolerance**

Clinically occult cytomegalovirus present in skin biopsy specimens in immunosuppressed hosts (Horn and Hood). 1989;21:781-4 (Dermatopathology)

**Immunity, cellular**

Behçet's syndrome associated with bullous necrotizing vasculitis (Lee et al). 1989;21:327-30 (Case rep.)

Interferon- $\gamma$  as adjuvant therapy for resistant warts (Shiohara et al). 1989;21:387-91 (Case rep.)

**Immunoenzyme techniques**

Syphilitic gastritis: demonstration of *Treponema pallidum* with the use of fluorescent treponemal antibody absorption complement and immunoperoxidase stains (Chung et al). 1989;21:183-5

**Immunofluorescence technic; see Fluorescent antibody technic****Immunogenetics**

Pemphigus vulgaris immunogenetics (Tzoni et al). 1989;21:594 (Letter)

**Immunoglobulin genes; see Genes, immunoglobulin****Immunohistochemistry**

Carcinoembryonic antigen in basal cell neoplasms in black patients: an immunohistochemical study (Kidd et al). 1989;21:1007-10 (Dermatopathology)

Chronic actinic dermatitis: an immunohistologic and photobiologic study (Norris et al). 1989;21:966-71

Clear cell hidradenoma with whorl formation of squamoid cells: immunohistochemical and electron microscopic studies (Satoh et al). 1989;21:271-7 (Dermatopathology)

Cutaneous lymphoid hyperplasia (Medeiros et al). 1989;21:929-42

Lymphomatoid papulosis and progression to T cell lymphoma: an immunophenotypic and genotypic analysis (Harrington et al). 1989;21:951-7

**Immunologic deficiency syndromes; see also Acquired immunodeficiency syndrome**

Clinically occult cytomegalovirus present in skin biopsy specimens in immunosuppressed hosts (Horn and Hood). 1989;21:781-4 (Dermatopathology)

**Immunologic tests; see also Patch tests**

Cutaneous lymphoid hyperplasia (Medeiros et al). 1989;21:929-42

The immunologic basis of patch testing (Belsito). 1989;21:822-9 (Symposium)

In vitro determination of IgE antibodies in the diagnosis of atopic allergy (Johansson). 1989;21:819-20 (Symposium)

Lymphomatoid papulosis and progression to T cell lymphoma: an immunophenotypic and genotypic analysis (Harrington et al). 1989;21:951-7

**Immunoperoxidase technics; see Immunoenzyme technics****Immunosuppression**

Cutaneous manifestations of immunosuppression in organ transplant recipients (Abel). 1989;21:167-79 (CME article)

Disseminated strongyloidiasis presenting as purpura (Ronan et al). 1989;21:1123-5 (Case rep.)

Involvement of epidermal Langerhans cells in psoriasis of immunosuppressed renal transplant recipients (Manganoni et al). 1989;21:799-801 (Brief comm.)

**Immunosuppressive agents**

Cutaneous manifestations of immunosuppression in organ transplant recipients (Abel). 1989;21:167-79 (CME article)

Pharmacology. II. Systemic drugs in dermatology (Sherertz). 1989;21:298-305 (Periodic synopsis)

**Immunotherapy**

Granulomatous eruption after BCG vaccine immunotherapy for malignant melanoma (Shea et al). 1989;21:1119-22 (Case rep.)

Interferon- $\gamma$  as adjuvant therapy for resistant warts (Shiohara et al). 1989;21:387-91 (Case rep.)

**Implants, artificial**

Dermal implants: safety of products injected for soft tissue augmentation (Clark et al). 1989;21:992-8 (Derm. surgery)

Reactions to a bovine collagen implant (Charriere et al). 1989;21:1203-8

**Indomethacin**

Effect of indomethacin on UVB- and UVA-induced erythema in polymorphic light eruption (Farr and Diffey). 1989;21:230-6

**Infant, low birth weight**

Herpes gestationis, umbilical cord knot, and fetal death (Frumkin). 1989;21:812-3 (Letter)

**Infant, newborn**

Transient blueberry muffin appearance of a newborn with congenital monoblastic leukemia (Gottesfeld et al). 1989;21:347-51 (Case rep.)

**Infant, newborn, diseases**

Neonatal lupus erythematosus with a high anticardiolipin antibody titer (Katayama et al). 1989;21:490-2

Transient bullous dermolysis of the newborn: two additional cases (Hashimoto et al). 1989;21:708-13

**Inflammation**

Melanophages in inflammatory skin disease (Facchetti et al) (Letter); (Weiss and Cooper) (Reply). 1989;21:1315

**Inflammation, animal**

Topical all-trans-retinoic acid prevents corticosteroid-induced skin atrophy without abrogating the anti-inflammatory effect (Lesnik et al). 1989;21:186-90

**Inflammatory bowel diseases**

Pyostomatitis vegetans (Ballo et al). 1989;21:381-7 (Case rep.)

**Information systems**

The compilation of patch test information by the use of computerized data bases (Nethercott and Holness). 1989;21:877-80 (Symposium)

**Infundibuloma; see Sebaceous gland neoplasms**

**Injections, intradermal**

Dermal implants: safety of products injected for soft tissue augmentation (Clark et al). 1989;21:992-8 (Derm. surgery)

**Insulin resistance**

Acanthosis nigricans: a cutaneous marker of tissue resistance to insulin (Rendon et al). 1989;21:461-9

**Interferon alfa-2b**

Short-term keloid treatment in vivo with human interferon alfa-2b results in a selective and persistent normalization of keloidal fibroblast collagen, glycosaminoglycan, and collagenase production in vitro (Berman and Duncan). 1989;21:694-702

**Interferon gamma, recombinant**

Interferon- $\gamma$  as adjuvant therapy for resistant warts (Shiohara et al). 1989;21:387-91 (Case rep.)

Intralesional treatment of basal cell carcinoma with low-dose recombinant interferon gamma (Tank et al). 1989;21:734-5

**International Society for Dermatologic Surgery**

Creation of the International Traveling Chair of Dermatologic Surgery (Field). 1989;21:1035-6 (Letter)

**Irritants**

Do topical corticosteroids modulate skin irritation in human beings? Assessment by transepidermal water loss and visual scoring (van der Valk and Maibach). 1989;21:519-22 (Therapy)

**Isotretinoin**

Accutane (Penneys). 1989;21:811 (Letter)

Acne necroticans (varioliiformis) versus *Propionibacterium acnes* folliculitis (Maibach). 1989;21:323 (Letter)

Effectiveness of isotretinoin in preventing the appearance of basal cell carcinomas in basal cell nevus syndrome (Goldberg et al). 1989;21:144-5 (Brief comm.)

Successful treatment of the acne of Apert syndrome with isotretinoin (Robison and Wilms). 1989;21:315-6 (Brief comm.)

**Itching; see Pruritus**

**Itraconazole**

Use of itraconazole in a patient with chronic mucocutaneous candidiasis (Burke). 1989;21:1309-10 (Brief comm.)

**K**

**Kaposi's sarcoma; see Sarcoma, Kaposi's**

**Kaposi's varicelliform eruption**

Kaposi's varicelliform eruption in cutaneous T-cell lymphoma (Masessa et al). 1989;21:133-5 (Brief comm.)

**Keloid**

Short-term keloid treatment in vivo with human interferon alfa-2b results in a selective and persistent normalization of keloidal fibroblast collagen, glycosaminoglycan, and collagenase production in vitro (Berman and Duncan). 1989;21:694-702

**Keratin**

Ultraviolet light-induced confluent and reticulated papillomatosis (Vassileva et al). 1989;21:413-4 (Case rep.)

**Keratoacanthoma**

Grzybowski's eruptive keratoacanthoma (Lloyd et al). 1989;21:1023-4 (Brief comm.)

Multiple keratoacanthoma in discoid lupus erythematosus (Fanti et al). 1989;21:809-10 (Brief comm.)

**Keratosis lichenoides chronica; see Keratosis**

**Keratosis**

Disseminated superficial actinic porokeratosis: experimental induction and exacerbation of skin lesions (Neumann et al). 1989;21:1182-8

**Keratosis—cont'd**

Disseminated superficial actinic porokeratosis in pemphigus foliaceus (Neumann et al) (Letter); (Leibovici) (Reply). 1989;21:1315-6

Keratosis lichenoides chronica with prominent telangiectasia: response to etretinate (David et al). 1989;21:1112-4 (Case rep.)

The sign of Leser-Trélat: Does it exist? (Rampen and Schwengle). 1989;21:50-5

**Keratosis follicularis**

Specific dermatoglyphic patterns: a characteristic manifestation of acantholytic dyskeratotic dermatoses (Raff and Szilvassy). 1989;21:958-60

**Keratosis palmaris et plantaris**

Porokeratosis palmaris et plantaris disseminata: an unusual clinical presentation (Patrizi et al). 1989;21:415-8 (Case rep.)

Unusual presentation of porokeratosis palmaris, plantaris et disseminata (Neumann et al). 1989;21:1131-3 (Case rep.)

**Ketanserin**

Use of topical ketanserin in the treatment of skin ulcers: a double-blind study (Janssen et al). 1989;21:85-90 (Therapy)

**Khellin**

Marked increase of liver transaminases after khellin and UVA therapy (Duschet et al) (Letter); (Hönigsmann et al) (Reply). 1989;21:592-4

**Ki-B3; see Antibodies, monoclonal**

**Kidney failure, acute**

Cyclosporine therapy for psoriasis: serum creatinine measurements are an unreliable predictor of decreased renal function (Gilbert et al). 1989;21:470-4

**Kidney failure, chronic**

Reactive perforating collagenosis in a setting of double disaster: acquired immunodeficiency syndrome and end-stage renal disease (Bank et al). 1989;21:371-4 (Case rep.)

**Kidney transplantation**

Involvement of epidermal Langerhans cells in porokeratosis of immunosuppressed renal transplant recipients (Manganoni et al). 1989;21:799-801 (Brief comm.)

**Kimura disease; see Angiolymphoid hyperplasia with eosinophilia**

**L**

**Lactic acid**

Comparative efficacy of 12% ammonium lactate lotion and 5% lactic acid lotion in the treatment of moderate to severe xerosis (Rogers et al). 1989;21:714-6

**Lafora disease; see Epilepsy, myoclonus**

**Langerhans cells**

Involvement of epidermal Langerhans cells in porokeratosis of immunosuppressed renal transplant recipients (Manganoni et al). 1989;21:799-801 (Brief comm.)

Letterer-Siwe disease and subacute monocytic leukemia (Claudy et al). 1989;21:1105-6 (Case rep.)

**Lanolin**

Subcutaneous myospherulosis (Waldman et al). 1989;21:400-3 (Case rep.)

**Larva migrans**

North American cuterebrid myiasis (Baird et al). 1989;21:763-72 (Clin. rev.)

**Laser surgery**

Infectious papillomavirus in the vapor of warts treated with carbon dioxide laser or electrocoagulation: detection and protection (Sawchuk et al). 1989;21:41-9

# 1356 Subject index

## Latex

Contact urticaria and anaphylaxis to latex (Taylor et al). 1989;21:874-7 (Symposium)

## Leiomyosarcoma

Primary leiomyosarcoma of the skin (Davidson et al). 1989;21:1156-60 (Case rep.)

## Lentigo

Tanning-bed lentigines: ultrastructural and histopathologic features (Salisbury et al). 1989;21:689-93

## Leser-Trélat sign

The sign of Leser-Trélat: Does it exist? (Rampen and Schwengle). 1989;21:50-5

## Letterer-Siwe disease

Letterer-Siwe disease and subacute monocytic leukemia (Claudy et al). 1989;21:1105-6 (Case rep.)

## Letters

Correspondence. 1989;21:155-6, 323-6, 585-94, 811-8, 1035-8, 1315-21

## Leukemia, hairy cell

Sweet's syndrome in hairy cell leukemia (Fischer et al). 1989;21:573-4 (Brief comm.)

## Leukemia, lymphocytic, chronic

Herpes simplex mimicking leukemia cutis (Hassel and Leshner). 1989;21:367-71 (Case rep.)

## Leukemia, monocytic, acute

Letterer-Siwe disease and subacute monocytic leukemia (Claudy et al). 1989;21:1105-6 (Case rep.)

## Leukemia, monocytic, acute, congenital

Transient blueberry muffin appearance of a newborn with congenital monoblastic leukemia (Gottesfeld et al). 1989;21:347-51 (Case rep.)

## Leukemia, myelocytic, acute

Leukemia cutis presenting as a scrotal ulcer (Zax et al). 1989;21:410-3 (Case rep.)

## Leukemia, myeloid, chronic

Skin lesions simulating chronic dermatomyositis during long-term hydroxyurea therapy (Richard et al). 1989;21:797-9 (Brief comm.)

## Leukemia-lymphoma, T-cell, acute, HTLV-1-associated

Kaposi's varicelliform eruption in cutaneous T cell lymphoma (Masessa et al). 1989;21:133-5 (Brief comm.)

## Leukocytes, mononuclear

Response of mononuclear leukocyte cyclic adenosine monophosphate-phosphodiesterase activity to treatment with topical fluorinated steroid ointment in atopic dermatitis (Holden and Yuen). 1989;21:69-74

## Leukocytoclastic vasculitis; see Vasculitis

## Leukoplakia, oral

Comparison of the efficacy of surgery and acyclovir therapy in oral hairy leukoplakia (Herbst et al). 1989;21:753-6 (Therapy)

Focal epithelial hyperplasia (Garlick et al) (Letter); (Tschen) (Reply). 1989;21:1036-7

## Leukotrienes B

Effect of highly purified eicosapentaenoic acid on psoriasis (Kojima et al). 1989;21:150-1 (Brief comm.)

## Lichen planus

Castleman's tumor and erosive lichen planus: Coincidence or association? (Ashinoff et al). 1989;21:1076-80 (Case rep.)

Cause of abnormal glucose metabolism in patients with lichen sclerosus et atrophicus (Ross and Sanchez). 1989;21:591 (Letter)

Erythema dyschromicum perstans and lichen planus: Are they related? (Berger et al). 1989;21:438-42 (Case rep.)

Lichen aureus of the glans penis as an expression of Zoon's balanitis (Kossard and Shumack). 1989;21:804-6 (Brief comm.)

## Lichen planus—cont'd

Lichen planus pigmentosus (Kanwar and Kaur) (Letter); (Salman et al) (Reply). 1989;21:815

Lichenoid dermatitis: a clinicopathologic and immunopathologic review of sixty-two cases (Oliver et al). 1989;21:284-92 (Clin. rev.)

Linear lichen planopilaris of the face (Küster et al). 1989;21:131-2 (Brief comm.)

## Limonic

Allergic contact dermatitis resulting from sensitivity to citrus peel, geraniol, and citral (Cardullo et al). 1989;21:395-7 (Case rep.)

## Lindane; see Benzene hexachloride

## Linear granuloma annulare; see Granuloma

## Linear lichen planopilaris; see Lichen planus

## Lip neoplasms

Metastases from squamous cell carcinoma of the skin and lip (Dinehart and Pollack). 1989;21:241-8

## Lipectomy

Liposuction surgery for a buffalo hump caused by Cushing's disease (Narins). 1989;21:307 (Brief comm.)

## Lipoatrophy; see Lipodystrophy

## Lipodystrophy

Annular atrophic connective tissue panniculitis of the ankles (Roth et al). 1989;21:1152-6 (Case rep.)

## Lipoma

Nodular-cystic fat necrosis (Hurt and Cruz). 1989;21:493-8

## Lipophagic panniculitis; see Panniculitis

## Liposomes

Liposome preparations: A step forward in topical drug therapy for skin disease? (Schäfer-Korting et al). 1989;21:1271-5 (Clin. rev.)

## Liposuction; see Lipectomy

## Local anti-infective agents, adverse effects; see Anti-infective agents, local, adverse effects

## Longitudinal studies

Parapsoriasis and mycosis fungoides: the Northwestern University experience, 1970 to 1985 (Lazar et al). 1989;21:919-23

## Low birth weight infant; see Infant, low birth weight

## Lung neoplasms

Pemphigus vulgaris and squamous cell carcinoma of the lung (Barnadas et al). 1989;21:793-5 (Brief comm.)

## Lupus erythematosus, cutaneous

Neonatal lupus erythematosus with a high anticardiolipin antibody titer (Katayama et al). 1989;21:490-2

Subacute cutaneous lupus erythematosus lesions precipitated by griseofulvin (Miyagawa et al). 1989;21:343-6 (Case rep.)

## Lupus erythematosus, discoid

HLA-DR positivity in discoid lupus erythematosus (Miori et al). 1989;21:1316-7 (Letter)

Multiple keratoacanthoma in discoid lupus erythematosus (Fanti et al). 1989;21:809-10 (Brief comm.)

Rowell's syndrome (Parodi et al). 1989;21:374-7 (Case rep.)

## Lupus erythematosus, systemic

Anti-Ku antibodies in connective tissue diseases (Parodi and Rebo-ra). 1989;21:433-5 (Case rep.)

Bullous disease in systemic lupus erythematosus (Rappersberger et al). 1989;21:745-52

Rowell's syndrome (Parodi et al). 1989;21:374-7 (Case rep.)

## Lyme disease

Clinical and microbiologic findings in six patients with erythema migrans of Lyme disease (Berger and Johnson). 1989;21:1188-91

## Lymphadenopathy; see Lymphatic diseases

## Lymphatic diseases

Plasma cell dyscrasia: a case of POEMS syndrome with a unique dermatologic presentation (Feddersen et al). 1989;21:1061-8

# **Lymphocytes, histology**

Cutaneous lymphoid hyperplasia (Medeiros et al). 1989;21:929-42

## **Lymphoma**

A case of lymphomatoid papulosis and Hodgkin's disease (Pinto et al). 1989;21:1051-6 (Case rep.)

Cutaneous lymphoid hyperplasia (Medeiros et al). 1989;21:929-42

Kaposi's varicelliform eruption in cutaneous T-cell lymphoma (Masessa et al). 1989;21:133-5 (Brief comm.)

Lymphoma in a black patient with actinic reticuloid treated with PUVA: possible etiologic considerations (Ashinoff et al). 1989; 21:1134-7 (Case rep.)

Lymphomatoid papulosis and progression to T cell lymphoma: an immunophenotypic and genotypic analysis (Harrington et al). 1989;21:951-7

Malignant angioendotheliomatosis: an angiotropic lymphoma (Petroff et al). 1989;21:727-33

Studies of immunoglobulin and T cell receptor gene rearrangement in cutaneous B and T cell lymphomas (Liang et al). 1989;21: 457-60

Use of monoclonal antibodies (UCHL1, Ki-B3) against T and B cell antigens in routine paraffin-embedded skin biopsy specimens (Sterry and Hauschild). 1989;21:98-107 (Dermatopathology)

## **Lymphoma, non-Hodgkin's**

Cutaneous manifestations of immunosuppression in organ transplant recipients (Abel). 1989;21:167-79 (CME article)

## **Lymphomatoid papulosis; see Precancerous conditions**

## **Lymphoproliferative disorders**

A case of lymphomatoid papulosis and Hodgkin's disease (Pinto et al). 1989;21:1051-6 (Case rep.)

Demonstration of clonal proliferation of T lymphocytes in early neoplastic disease (Tanaka et al). 1989;21:218-23

## **M**

## **Maduromycosis**

Subcutaneous mycoses (Tomecki et al). 1989;21:785-90 (Periodic synopsis)

## **Major basic protein**

Evidence for eosinophil degranulation with deposition of granule major basic protein in solar urticaria (Leiferman et al). 1989;21: 75-80

The itches of Jean-Paul Marat (Murphy). 1989;21:565-7 (Whimsy)

## **Measles**

The six classic childhood exanthems: a review and update (Bialecki et al). 1989;21:891-903 (CME article)

## **Mechanical forces; see Stress, mechanical**

## **Mechlorethamine**

Chemical warfare (Weigand). 1989;21:324-5 (Letter)

## **Medical assistance, Title 19**

The Alexian project: making medicine work (Greenberg). 1989; 21:1019 (Current issues)

## **Medical nomenclature; see Nomenclature**

## **Meeting report**

Meeting report. 1989;21:1294-9

## **Melanin**

Longitudinal melanonychia (melanonychia striata): diagnosis and management (Baran and Kechijian). 1989;21:1165-75 (CME article)

## **Melanocytes**

Comparison of five antimelanoma antibodies for identification of melanocytic cells on tissue sections in routine dermatopathology (Thomson and MacKie). 1989;21:1280-4 (Dermatopathology)

Nevomelanocytic proliferations in association with cutaneous malignant melanoma: a multivariate analysis (Gruber et al). 1989; 21:773-80 (Dermatopathology)

Tanning-bed lentigines: ultrastructural and histopathologic features (Salisbury et al). 1989;21:689-93

Transplantation of in vitro-cultured epidermis bearing melanocytes for repigmenting vitiligo (Falabella et al). 1989;21:257-64

## **Melanoma**

Age and malignant melanoma: comparison of variables in different age-groups (Rivers et al). 1989;21:717-22

Comparison of five antimelanoma antibodies for identification of melanocytic cells on tissue sections in routine dermatopathology (Thomson and MacKie). 1989;21:1280-4 (Dermatopathology)

Granulomatous eruption after BCG vaccine immunotherapy for malignant melanoma (Shea et al). 1989;21:1119-22 (Case rep.)

Malignant melanoma associated with multiple therapies for psoriasis (Barnhill and Wiles). 1989;21:148-50 (Brief comm.)

Nevomelanocytic proliferations in association with cutaneous malignant melanoma: a multivariate analysis (Gruber et al). 1989; 21:773-80 (Dermatopathology)

Public and professional educational materials on skin cancer (Grossman). 1989;21:1012-8 (Special rep.)

## **Melanoma, animal**

Apparent absence of a benign precursor lesion: implications for the pathogenesis of malignant melanoma (Ross). 1989;21:529-38 (Clin. rev.)

## **Melanonychia; see Pigmentation disorders**

## **Melanophores**

Melanophages in inflammatory skin disease (Facchetti et al) (Letter); (Weiss and Cooper) (Reply). 1989;21:1315

## **Melanosis**

Lichen planus pigmentosus (Kanwar and Kaur) (Letter); (Salman et al) (Reply). 1989;21:815

Riehl's melanosis: pigmented contact dermatitis caused by fragrances (Serrano et al). 1989;21:1057-60 (Case rep.)

## **Melasma; see Melanosis**

## **Melkersson-Rosenthal syndrome**

Melkersson-Rosenthal syndrome: a review of 36 patients (Greene and Rogers). 1989;21:1263-70 (Clin. rev.)

## **Mesothelioma**

Malignant mesothelioma: diagnosis by skin biopsy (Berkowitz et al). 1989;21:1068-73 (Case rep.)

## **Metastasis, neoplasm; see Neoplasm metastasis**

## **Methicillin**

Skin-isolated, community-acquired *Staphylococcus aureus*: in vitro resistance to methicillin and erythromycin (Ohana et al). 1989; 21:544-6 (Clin. rev.)

## **Methotrexate**

Low-dose methotrexate for the Sézary syndrome (Zackheim and Epstein). 1989;21:757-62 (Therapy)

## **Methoxsalen**

Evaluating the UVA protection of sunscreens (Roelands et al). 1989;21:56-62

## **Microscopy, electron**

Clear cell hidradenoma with whorl formation of squamoid cells: immunohistochemical and electron microscopic studies (Satoh et al). 1989;21:271-7 (Dermatopathology)

Localized cicatricial pemphigoid (Brunsting-Perry): electron microscopic study (Leenutaphong et al). 1989;21:1089-93 (Case rep.)

# 1358 Subject index

## Microsporum

The superficial mycoses and the dermatophytes (Elewski and Hazen). 1989;21:655-73 (CME article)

## Milia; see Skin appendage diseases

## Minocycline

Minocycline-induced discoloration of the permanent teeth (Rosen and Hoffmann). 1989;21:569 (Brief comm.)

Minocycline staining of the oral cavity (Berger et al). 1989;21:1300-1 (Brief comm.)

## Minoxidil

Hair discoloration caused by minoxidil lotion (Rebora and Guarre-ra). 1989;21:1314 (Brief comm.)

Telogen effluvium and minoxidil (Bardelli and Rebora). 1989;21:572-3 (Brief comm.)

## Mite infestations

Papular pruritic eruption of *Demodex* folliculitis in patients with acquired immunodeficiency syndrome (Ashack et al). 1989;21:306-7 (Brief comm.)

Pityriasis folliculorum revisited (Dominey et al). 1989;21:81-4

## Models, biological

The ultraviolet-irradiated hairless mouse: a model for photoaging (Kligman). 1989;21:623-31 (Symposium)

## Mohs surgery

Primary leiomyosarcoma of the skin (Davidson et al). 1989;21:1156-60 (Case rep.)

## Molecular structure

Molecular mechanisms of cutaneous aging (Uitto et al). 1989;21:614-22 (Symposium)

## Monoblastic leukemia, acute; see Leukemia, monocytic, acute

## Monoclonal antibodies; see Antibodies, monoclonal

## Monoclonal gammopathies, benign

IgA benign monoclonal gammopathy with recurrent self-healing skin tumors (Abraham and Feuerman). 1989;21:1303-4 (Brief comm.)

## Mononuclear leukocytes; see Leukocytes, mononuclear

## Mosquitoes

Chronic pruritic eruption in patients with acquired immunodeficiency syndrome associated with increased antibody titers to mosquito salivary gland antigens (Penneys et al). 1989;21:421-5 (Case rep.)

## Mouth

Minocycline staining of the oral cavity (Berger et al). 1989;21:1300-1 (Brief comm.)

## Mouth mucosa, pathology

Hereditary mucopolysaccharidosis (Scheman et al). 1989;21:351-7 (Case rep.)

## Mucinoses; see Mucins, metabolism

## Mucins, metabolism

Acral persistent papular mucinosis (Flowers et al). 1989;21:293-7 (Clin. rev.)

## Mucopolysaccharidosis, hereditary; see Hereditary diseases

## Mucopolysaccharides, metabolism

Acral persistent papular mucinosis (Flowers et al). 1989;21:293-7 (Clin. rev.)

## Mucormycosis

Cutaneous mucormycosis (Umbert and Su). 1989;21:1232-4  
Subcutaneous mycoses (Tomecki et al). 1989;21:785-90 (Periodic synopsis)

## Mucous membranes, pathology

Hereditary mucopolysaccharidosis (Scheman et al). 1989;21:351-7 (Case rep.)

## Multiple sclerosis

Bullous pemphigoid and multiple sclerosis: More than a coincidence? (Masouyé et al). 1989;21:63-8

## Mutagens

Apparent absence of a benign precursor lesion: implications for the pathogenesis of malignant melanoma (Ross). 1989;21:529-38 (Clin. rev.)

## Mycetoma; see Maduromycosis

## Mycobacterium avium-intracellular infection

Kaposi's sarcoma and *Mycobacterium avium-intracellular* with cellulitis in patient with acquired immunodeficiency syndrome (DeCoste and Dover). 1989;21:574-6 (Brief comm.)

## Mycobacterium tuberculosis

Erythema induratum (Bazin's disease) (Rademaker et al). 1989;21:740-5

## Mycoses

Cutaneous manifestations of immunosuppression in organ transplant recipients (Abel). 1989;21:167-79 (CME article)

Subcutaneous mycoses (Tomecki et al). 1989;21:785-90 (Periodic synopsis)

Subcutaneous mycoses (Waldman et al). 1989;21:400-3 (Case rep.)

Systemic mycoses (Tomecki et al). 1989;21:1285-93 (Periodic synopsis)

## Mycoses, superficial

Sulconazole nitrate 1% cream in the treatment of chronic moccasin-type tinea pedis caused by *Trichophyton rubrum* (Akers et al). 1989;21:686-9

The superficial mycoses and the dermatophytes (Elewski and Hazen). 1989;21:655-73 (CME article)

## Mycosis fungoides

Parapsoriasis and mycosis fungoides: the Northwestern University experience, 1970 to 1985 (Lazar et al). 1989;21:919-23

Pigmented purpura-like eruption progressing to mycosis fungoides (Commens). 1989;21:1317 (Letter)

## Myiasis

North American cuterebrid myiasis (Baird et al). 1989;21:763-72 (Clin. rev.)

## Myospherulosis; see Foreign body reaction

## Myxedema

Stimulation of fibroblasts by paraprotein in scleromyxedema (White and Jeffes). 1989;21:816 (Letter)

## N

## Nail diseases

Longitudinal melanonychia (melanonychia striata): diagnosis and management (Baran and Kechijian). 1989;21:1165-75 (CME article)

Nail changes in type 5 pityriasis rubra pilaris (Lambert and Dalac). 1989;21:811-2 (Letter)

Nail disease and dermatology (Cohen and Scher). 1989;21:1020-2 (Commentary)

Photo-onycholysis caused by clorazepate dipotassium (Torras et al). 1989;21:1304-5 (Brief comm.)

## Nails

Development of nail pigmentation during zidovudine therapy (Anders and Abele). 1989;21:792-3 (Brief comm.)

Nail pigmentation associated with zidovudine (Groark et al). 1989;21:1032-3 (Brief comm.)

## Nalmefene

Efficacy and safety of nalmefene in patients with severe pruritus caused by chronic urticaria and atopic dermatitis (Monroe). 1989;21:135-6 (Brief comm.)

## National Library of Medicine

GRATEFUL MED (Anderson). 1989;21:564 (Current issues)

## Necrosis

- Behçet's disease with severe cutaneous necrotizing vasculitis: response to plasma exchange—report of a case (Cornelis et al). 1989;21:576-9 (Brief comm.)

## Neomycin

- Contact allergies in patients with familial benign chronic pemphigus (Hailey-Hailey disease) (Reitamo et al). 1989;21:506-10

## Neonatal lupus erythematosus; see Lupus erythematosus, cutaneous

## Neoplasm metastasis

- Metastases from squamous cell carcinoma of the skin and lip (Dinehart and Pollack). 1989;21:241-8

## Neoplasms

- Grenz ray-induced nonmelanoma skin cancer (Frentz). 1989;21:475-8  
Incidence of malignancy in patients with generalized pruritus (Rantuccio) (Letter); (Lober) (Reply). 1989;21:1317  
The sign of Leser-Trélat: Does it exist? (Rampen and Schwengle). 1989;21:50-5

## Neoplasms, animal

- Apparent absence of a benign precursor lesion: implications for the pathogenesis of malignant melanoma (Ross). 1989;21:529-38 (Clin. rev.)

## Neoplasms, radiation-induced

- Cutaneous manifestations of immunosuppression in organ transplant recipients (Abel). 1989;21:167-79 (CME article)

## Nephrotic syndrome

- Eruptive xanthomas in a child with the nephrotic syndrome (Teltscher et al). 1989;21:1147-9 (Case rep.)

## Nerve tissue protein S-100

- Clear cell hidradenoma with whorl formation of squamoid cells: immunohistochemical and electron microscopic studies (Satoh et al). 1989;21:271-7 (Dermatopathology)

## Neuralgia

- Topical capsaicin treatment of chronic postherpetic neuralgia (Bernstein et al). 1989;21:265-70 (Therapy)

## Neurofibromatosis

- Is chronic diffuse hepatopathy a manifestation of neurofibromatosis? (Romero et al). 1989;21:1026 (Brief comm.)

## Neuroglia

- Recurrent pyogenic granuloma with satellitosis (Blickenstaff et al). 1989;21:1241-4

## Neuropathies, hereditary sensory and autonomic

- Persistent skin ulcers, mutilations, and acro-osteolysis in hereditary sensory and autonomic neuropathy with phospholipid excretion (Böckers et al). 1989;21:736-9

## Neurotic disorders

- Management of neurotic scratching with behavioral therapy (Welkowitz et al). 1989;21:802-4 (Brief comm.)

## Neutrophils, immunology

- Furosemide-induced eruption simulating Sweet's syndrome (Cobb). 1989;21:339-43 (Case rep.)  
Sweet's syndrome in hairy cell leukemia (Fischer et al). 1989;21:573-4 (Brief comm.)

## Nevus

- Nevomelanocytic proliferations in association with cutaneous malignant melanoma: a multivariate analysis (Gruber et al). 1989;21:773-80 (Dermatopathology)  
Nevus comedonicus associated with epidermal nevus (Kim and Kang). 1989;21:1085-8

## Nevus, pigmented

- Nevomelanocytic proliferations in association with cutaneous malignant melanoma: a multivariate analysis (Gruber et al). 1989;21:773-80 (Dermatopathology)

## Nevus syndrome, dysplastic; see Dysplastic nevus syndrome

## Newborn; see Infant, newborn

## Niacin, deficiency

- Nutritional deficiency and the skin (Miller). 1989;21:1-30 (CME article)

## Nigeria

- Cutaneous sarcoidosis in Nigeria (Oluide et al). 1989;21:1222-4

## Nitrogen mustard compounds

- Chemical warfare (Weigand). 1989;21:324-5 (Letter)

## Nivea oil

- New Improved Nivea oil cannot be used alone as vehicle for salicylic acid (Helm et al). 1989;21:814 (Letter)

## Nocardia infections

- Primary subcutaneous abscess caused by *Nocardia otitidiscaviarum* (Hachisuka et al). 1989;21:137-9 (Brief comm.)

## Nomenclature

- Etymology of pemphigus (Holubar). 1989;21:155-6 (Letter)

## Non-Hodgkin's lymphoma; see Lymphoma, non-Hodgkin's

## Non-steroidal anti-inflammatory drugs; see Anti-inflammatory agents, non-steroidal

## Non-X histiocytic syndrome; see Histiocytes

## Nonoxynols, adverse effects; see Phenols, adverse effects

## Nutrition disorders

- Nutritional deficiency and the skin (Miller). 1989;21:1-30 (CME article)

## O

## Obsessive-compulsive disorder

- Management of neurotic scratching with behavioral therapy (Welkowitz et al). 1989;21:802-4 (Brief comm.)

## Occlusive dressings

- Treatment of scleroderma skin ulcers with a hydrocolloid membrane (Milburn et al). 1989;21:200-4

## Occupational dermatitis

- Occupational dermatitis in food handlers and bakers (Nethercott and Holmes). 1989;21:485-90

- Panels of allergens for specific occupations (Adams). 1989;21:869-74 (Symposium)

## Oncogenic viruses

- Cutaneous manifestations of immunosuppression in organ transplant recipients (Abel). 1989;21:167-79 (CME article)

## Onycholysis; see Nail diseases

## Onychomycosis; see Dermatophytes

## Opportunistic infections

- Atypical plaque-like staphylococcal folliculitis in human immunodeficiency virus-infected persons (Becker et al). 1989;21:1024-6 (Brief comm.)

## Optical profilometry; see Diagnosis, computer assisted

## Oral surgery; see Surgery, oral

## Osteolysis

- Persistent skin ulcers, mutilations, and acro-osteolysis in hereditary sensory and autonomic neuropathy with phospholipid excretion (Böckers et al). 1989;21:736-9

## Osteomyelitis

- Persistent skin ulcers, mutilations, and acro-osteolysis in hereditary sensory and autonomic neuropathy with phospholipid excretion (Böckers et al). 1989;21:736-9

## P

## Panniculitis

- Annular atrophic connective tissue panniculitis of the ankles (Roth et al). 1989;21:1152-6 (Case rep.)

- Clinical and pathologic correlations in 96 patients with panniculitis, including 15 patients with deficient levels of  $\alpha_1$ -antitrypsin (Smith et al). 1989;21:1192-6

# 1360 Subject index

## Panniculitis—cont'd

Plasma cell panniculitis: a unique clinical and pathologic presentation of linear scleroderma (Vincent et al). 1989;21:357-60 (Case rep.)

## Panniculitis, child

Lipophagic panniculitis of childhood (Winkelman et al). 1989; 21:971-8

## Papillary mesenchymal bodies; see Skin neoplasms

## Papilloma

Ultraviolet light-induced confluent and reticulated papillomatosis (Vassileva et al). 1989;21:413-4 (Case rep.)

## Papillomaviruses

Infectious papillomavirus in the vapor of warts treated with carbon dioxide laser or electrocoagulation: detection and protection (Sawchuk et al). 1989;21:41-9

## Papulosis; see Skin diseases

## Paraproteinemia

Plasma cell dyscrasia: a case of POEMS syndrome with a unique dermatologic presentation (Feddersen et al). 1989;21:1061-8

## Paraproteins

Stimulation of fibroblasts by paraprotein in scleromyxedema (White and Jeffes). 1989;21:816 (Letter)

## Parapsoriasis

Parapsoriasis and mycosis fungoides: the Northwestern University experience, 1970 to 1985 (Lazar et al). 1989;21:919-23

## Patch tests

Aeroallergen contact can exacerbate atopic dermatitis: patch tests as a diagnostic tool (Clark and Adinoff). 1989;21:863-9 (Symposium)

Aspects of pharmaceutical and chemical standardization of patch test materials (Kreilgaard and Hansen). 1989;21:836-8 (Symposium)

Challenges for the future of patch testing (Fisher). 1989;21:888-90 (Symposium)

Comparative multicenter studies with TRUE Test and Finn Chambers in eight Swedish hospitals (TRUE). 1989;21:846-9 (Symposium)

The compilation of patch test information by the use of computerized data bases (Nethercott and Holness). 1989;21:877-80 (Symposium)

The development of the patch testing procedure and working for consistency (Hjorth). 1989;21:855-7 (Symposium)

The immunologic basis of patch testing (Belsito). 1989;21:822-9 (Symposium)

Is patch testing cost-effective? (Rietschel). 1989;21:885-7 (Symposium)

Panels of allergens for specific occupations (Adams). 1989;21:869-74 (Symposium)

Patch testing in atopic dermatitis (Schöpf and Baumgärtner). 1989;21:860-2 (Symposium)

Patch testing with isolated and identified substances in products: basis for prevention (Fregert). 1989;21:857-60 (Symposium)

Patch testing technique (Fischer and Kihlman). 1989;21:830-2 (Symposium)

Photopatch testing: a three-year experience (Guerrera). 1989;21:589-91 (Letter)

Preliminary studies of the TRUE Test patch test system in the United States (TRUE). 1989;21:841-3 (Symposium)

Proallergens of formaldehyde applied in patch testing of formaldehyde contact allergy (Hansen et al). 1989;21:838-40 (Symposium)

Problems raised by the simultaneous reproducibility of positive allergic patch test reactions in man (Lachapelle and Antoine). 1989; 21:850-4 (Symposium)

## Patch tests—cont'd

Reproducibility of patch test results: comparison of TRUE Test and Finn Chamber test results (Gollhausen et al). 1989;21:843-6 (Symposium)

Reproducibility of patch tests (Gollhausen et al). 1989;21:1196-202  
A review of 79 cases of eyelid dermatitis (Nethercott et al). 1989; 21:223-30

Validity of patch test screening trays in the evaluation of patients with allergic contact dermatitis (Nethercott and Holness). 1989;21:568 (Brief comm.)

## Pathergy; see Hypersensitivity

## Patient education

How to instruct patients sensitive to fragrances (Larsen). 1989; 21:880-4 (Symposium)

Nail disease and dermatology (Cohen and Scher). 1989;21:1020-2 (Commentary)

Patient education (Epstein). 1989;21:156 (Letter)

Public and professional educational materials on skin cancer (Grossman). 1989;21:1012-8 (Special rep.)

## Pemphigoid, benign mucous membrane

Localized cicatricial pemphigoid (Brunsting-Perry): electron microscopic study (Leenutaphong et al). 1989;21:1089-93 (Case rep.)

## Pemphigoid, bullous

Brunsting-Perry pemphigoid simulating basal cell carcinoma (Monihan et al). 1989;21:331-4 (Case rep.)

Bullous disease in systemic lupus erythematosus (Rappersberger et al). 1989;21:745-52

Bullous pemphigoid and multiple sclerosis: More than a coincidence? (Masouyé et al). 1989;21:63-8

Histologic findings of Hailey-Hailey disease in a patient with bullous pemphigoid (Mehregan et al). 1989;21:1107-12 (Case rep.)

'Jewel-like' blisters in bullous pemphigoid (Trattner et al). 1989; 21:583-4 (Brief comm.)

Pemphigoid nodularis (Tani et al). 1989;21:1099-104 (Case rep.)

## Pemphigoid nodularis; see Pemphigoid, bullous

## Pemphigus, classification

Etymology of pemphigus (Holubar). 1989;21:155-6 (Letter)

## Pemphigus, complications

Disseminated superficial actinic porokeratosis in pemphigus foliaceus (Neumann et al) (Letter); (Leibovici) (Reply). 1989;21:1315-6

Herpes simplex infection associated with pemphigus vulgaris (Brown and Taylor). 1989;21:1126-8 (Case rep.)

Pemphigus vulgaris of the esophagus in women (Goldberg and Weiss). 1989;21:1115-8 (Case rep.)

Pemphigus vulgaris and squamous cell carcinoma of the lung (Barnadas et al). 1989;21:793-5 (Brief comm.)

Progressive systemic sclerosis and pemphigus vulgaris (Woscoff et al). 1989;21:142-4 (Brief comm.)

## Pemphigus, histology

Histologic findings of Hailey-Hailey disease in a patient with bullous pemphigoid (Mehregan et al). 1989;21:1107-12 (Case rep.)

Reproduction of the characteristic morphologic changes of familial benign chronic pemphigus in cultures of lesional keratinocytes onto dead deepdermized dermis (de Dobbeleer et al). 1989;21:961-5

## Pemphigus, immunology

Contact allergies in patients with familial benign chronic pemphigus (Hailey-Hailey disease) (Reitamo et al). 1989;21:506-10

Epidermal autoantibodies in erythema multiforme (Matsuoka et al). 1989;21:677-80

Pemphigus vulgaris immunogenetics (Tzoni et al). 1989;21:594 (Letter)

Chlorthalidone-induced pseudoporphyria: clinical and microscopic findings of a case (Baker et al). 1989;21:1026-9 (Brief comm.)

**Porphyrin—cont'd**

The "priming phenomenon" in the acute phototoxicity of erythropoietic protoporphyria (Poh-Fitzpatrick). 1989;21:311 (Brief comm.)

**Porphyrin, child**

2,3,7,8-Tetrachlorodibenzo-*p*-dioxin-induced porphyria cutanea tarda among pediatric patients (Boyd et al) (Letter); (Caputo) (Reply). 1989;21:1320-1

**Postoperative complications**

Severe hemorrhage from a 4 mm punch biopsy site in a hemophilia patient with acquired immunodeficiency syndrome (Maytin et al). 1989;21:1033-4 (Brief comm.)

**Prader-Labhart-Willi syndrome; see Abnormalities**

**Precancerous conditions**

Lymphomatoid papulosis and progression to T cell lymphoma: an immunophenotypic and genotypic analysis (Harrington et al). 1989;21:951-7

Skin tags: Markers for colonic polyps? (Grafano et al). 1989;21:1029-30 (Brief comm.)

**Pregnancy complications, infectious**

Herpes gestationis, umbilical cord knot, and fetal death (Frumkin). 1989;21:812-3 (Letter)

**Profilometry, optical; see Diagnosis, computer assisted**

**Propionibacterium acnes**

Acne necroticans (varioliformis) versus *Propionibacterium acnes* folliculitis (Maibach). 1989;21:323 (Letter)

**Prostaglandins E**

Effect of highly purified eicosapentaenoic acid on psoriasis (Kojima et al). 1989;21:150-1 (Brief comm.)

Is the origin of atopy linked to deficient conversion of  $\omega$ -6-fatty acids to prostaglandin E<sub>A</sub>? (Melnik and Plewig). 1989;21:557-63 (Special article)

**Protease inhibitors**

Biochemical consequences of mechanical forces generated by distention and distortion (Ryan). 1989;21:115-30 (Special report)

**Protein-calorie malnutrition**

Nutritional deficiency and the skin (Miller). 1989;21:1-30 (CME article)

**Proteins, biosynthesis**

Contact allergic dermatitis to dicyclohexylcarbodiimide used in protein synthesis (Hoffman and Adams). 1989;21:436-7 (Case rep.)

**Protoporphyrins**

The "priming phenomenon" in the acute phototoxicity of erythropoietic protoporphyria (Poh-Fitzpatrick). 1989;21:311 (Brief comm.)

**Protozoan infections**

Cutaneous manifestations of immunosuppression in organ transplant recipients (Abel). 1989;21:167-79 (CME article)

**Prurigo**

Pemphigoid nodularis (Tani et al). 1989;21:1099-104 (Case rep.)

**Pruritus**

Aquagenic pruritus: treatment with sodium bicarbonate and evidence for a seasonal form (Bircher). 1989;21:817 (Letter)

"Butterfly" sign (Plantin et al). 1989;21:809 (Brief comm.)

Chronic pruritic eruption in patients with acquired immunodeficiency syndrome associated with increased antibody titers to mosquito salivary gland antigens (Penneys et al). 1989;21:421-5 (Case rep.)

Efficacy and safety of nalmefene in patients with severe pruritus caused by chronic urticaria and atopic dermatitis (Monroe). 1989;21:135-6 (Brief comm.)

Incidence of malignancy in patients with generalized pruritus (Ranuccio) (Letter); (Lober) (Reply). 1989;21:1317

**Pruritus—cont'd**

The itches of Jean-Paul Marat (Murphy). 1989;21:565-7 (Whimsy)

Papular pruritic eruption of *Demodex* folliculitis in patients with acquired immunodeficiency syndrome (Ashack et al). 1989;21:306-7 (Brief comm.)

Pruritus associated with nocturnal awakenings: Organic or psychogenic? (Gupta et al). 1989;21:479-84

Terfenadine inhibits itch and wheal, but not abnormal erythema, in physical urticarias (Cox et al). 1989;21:586-7 (Letter)

**Pseudo-Kaposi's sarcoma; see Sarcoma, Kaposi's**

**Pseudoxanthoma elasticum**

Generalized pseudoxanthoma elasticum with deficiency of vitamin K-dependent clotting factors (Rongioletti et al). 1989;21:1150-2 (Case rep.)

**Psoriasis**

Erythrodermic psoriasis (Boyd and Menter). 1989;21:985-91 (Clin. rev.)

**Psoriasis, complications**

Grenz ray-induced nonmelanoma skin cancer (Frentz). 1989;21:475-8

Primary eruption of psoriasis in a donor site of a split-skin graft (Wolf et al). 1989;21:814 (Letter)

**Psoriasis, drug therapy**

A double-blind, placebo-controlled trial of acitretin for the treatment of psoriasis (Olsen et al). 1989;21:681-6

Effect of highly purified eicosapentaenoic acid on psoriasis (Kojima et al). 1989;21:150-1 (Brief comm.)

Effectiveness of cyclosporine treatment in severe psoriasis: a clinical and immunologic study (Finzi et al). 1989;21:91-7 (Therapy)

Psoriasis therapy: comparative studies with a hydrocolloid dressing, plastic film occlusion, and triamcinolone acetonide cream (David and Lowe). 1989;21:511-4 (Therapy)

Treatment of psoriasis with long-term administration of somatostatin analog 201-995 (Camisa et al). 1989;21:139-41 (Brief comm.)

**Psoriasis, drug therapy, adverse effects**

Carcinogenicity of trioxsalen bath PUVA (Hannuksela and Karvonen). 1989;21:813-4 (Letter)

Cyclosporine therapy for psoriasis: serum creatinine measurements are an unreliable predictor of decreased renal function (Gilbert et al). 1989;21:470-4

Malignant melanoma associated with multiple therapies for psoriasis (Barnhill and Wiles). 1989;21:148-50 (Brief comm.)

Skin lesions simulating chronic dermatomyositis during long-term hydroxyurea therapy (Richard et al). 1989;21:797-9 (Brief comm.)

Two distinct squamous cell carcinomas in a psoriasis patient receiving low-dose cyclosporine maintenance treatment (Bos and Meinardi). 1989;21:1305-6 (Brief comm.)

**Psoriasis, therapy**

Extracorporeal photochemotherapy: a theoretic consideration as a treatment modality for severe erythrodermic and pustular psoriasis (Cohen and Schneiderman). 1989;21:326 (Letter)

New Improved Nivea oil cannot be used alone as vehicle for salicylic acid (Helm et al). 1989;21:814 (Letter)

Psoriasis therapy: comparative studies with a hydrocolloid dressing, plastic film occlusion, and triamcinolone acetonide cream (David and Lowe). 1989;21:511-4 (Therapy)

**Psoriasis, therapy, adverse effects**

Carcinogenicity of trioxsalen bath PUVA (Hannuksela and Karvonen). 1989;21:813-4 (Letter)

Malignant melanoma associated with multiple therapies for psoriasis (Barnhill and Wiles). 1989;21:148-50 (Brief comm.)

# Psychophysiologic disorders

- Reply to review of *Psychocutaneous Disease* (Koblenzer). 1989; 21:587-8 (Letter)

# 1368 Subject index

## Ultraviolet rays, adverse effects—cont'd

Treatment of photodamaged facial skin with topical tretinoin (Leyden et al). 1989;21:638-44 (Symposium)

The ultraviolet-irradiated hairless mouse: a model for photoaging (Kligman). 1989;21:623-31 (Symposium)

Ultraviolet light-induced confluent and reticulated papillomatosis (Vassileva et al). 1989;21:413-4 (Case rep.)

## Ultraviolet therapy

Marked increase of liver transaminases after khellin and UVA therapy (Duschet et al) (Letter); (Hönigsmann et al) (Reply). 1989;21:592-4

## Umbilical cord

Herpes gestationis, umbilical cord knot, and fetal death (Frumkin). 1989;21:812-3 (Letter)

## Urticaria

Contact urticaria and anaphylaxis to latex (Taylor et al). 1989;21:874-7 (Symposium)

Delayed shear-induced dermatographism and delayed pressure-induced dermatographism are distinct entities (Shuster). 1989;21:588-9 (Letter)

Efficacy and safety of nalmefene in patients with severe pruritus caused by chronic urticaria and atopic dermatitis (Monroe). 1989;21:135-6 (Brief comm.)

Evidence for eosinophil degranulation with deposition of granule major basic protein in solar urticaria (Leiferman et al). 1989;21:75-80

In vitro determination of IgE antibodies in the diagnosis of atopic allergy (Johansson). 1989;21:819-20 (Symposium)

Pathogenesis and classification of solar urticaria: a new concept (Leenutaphong et al). 1989;21:237-40

Terfenadine inhibits itch and wheal, but not abnormal erythema, in physical urticarias (Cox et al). 1989;21:586-7 (Letter)

## Urticaria pigmentosa, child

Urticaria pigmentosa in a child with Prader-Labhart-Willi syndrome (Fowler and Butler). 1989;21:147-8 (Brief comm.)

## UVA, adverse effects; see Ultraviolet rays, adverse effects

## V

## Vasculitis

Behçet's disease with severe cutaneous necrotizing vasculitis: response to plasma exchange—report of a case (Cornelis et al). 1989;21:576-9 (Brief comm.)

Behçet's syndrome associated with bullous necrotizing vasculitis (Lee et al). 1989;21:327-30 (Case rep.)

## Vitamin A, adverse effects

A double-blind, placebo-controlled trial of acitretin for the treatment of psoriasis (Olsen et al). 1989;21:681-6

## Vitamin A deficiency

Nutritional deficiency and the skin (Miller). 1989;21:1-30 (CME article)

## Vitamin B<sub>2</sub> deficiency; see Riboflavin deficiency

## Vitamin B<sub>3</sub> deficiency; see Niacin, deficiency

## Vitamin B<sub>12</sub>

Nutritional deficiency and the skin (Miller). 1989;21:1-30 (CME article)

## Vitamin C; see Ascorbic acid, deficiency

## Vitamin D deficiency

Nutritional deficiency and the skin (Miller). 1989;21:1-30 (CME article)

## Vitamin K deficiency

Generalized pseudoxanthoma elasticum with deficiency of vitamin K-dependent clotting factors (Rongioletti et al). 1989;21:1150-2 (Case rep.)

## Vitamin K deficiency—cont'd

Nutritional deficiency and the skin (Miller). 1989;21:1-30 (CME article)

## Vitiligo

Audiologic disturbances in vitiligo (Orecchia et al). 1989;21:1317-8 (Letter)

Marked increase of liver transaminases after khellin and UVA therapy (Duschet et al) (Letter); (Hönigsmann et al) (Reply). 1989;21:592-4

Transplantation of in vitro-cultured epidermis bearing melanocytes for repigmenting vitiligo (Falabella et al). 1989;21:257-64

## Vitreous body

North American cuterebrid myiasis (Baird et al). 1989;21:763-72 (Clin. rev.)

## W

## Warts

Diphencyprone for warts (Martin). 1989;21:594 (Letter)

Infectious papillomavirus in the vapor of warts treated with carbon dioxide laser or electrocoagulation: detection and protection (Sawchuk et al). 1989;21:41-9

Interferon-γ as adjuvant therapy for resistant warts (Shiohara et al). 1989;21:387-91 (Case rep.)

## Weber-Christian disease; see Panniculitis, child

## Whimsy

Whimsy. 1989;21:565-7

## White piedra; see Mycoses, superficial

## Whorls; see Hair, growth

## Wilson's disease; see Hepatolenticular degeneration

## Wounds and injuries

Skin injuries in sports medicine (Basler). 1989;21:1257-62 (Clin. rev.)

## Wrinkles; see Face, physiology

## X

## X-rays

Grenz ray-induced nonmelanoma skin cancer (Frentz). 1989;21:475-8

## Xanthomatosis

Eruptive xanthomas in a child with the nephrotic syndrome (Teltscher et al). 1989;21:1147-9 (Case rep.)

Hyperlipidemic xanthomas (Mishkel) (Letter); (Cruz) (Reply). 1989;21:1037-8

Subcutaneous xanthogranulomatosis: an inflammatory non-X histiocytic syndrome (subcutaneous xanthomatosis) (Winkelman and Oliver). 1989;21:924-9

Treatment of xanthelasma with Solcoderm (Ronnen et al). 1989;21:807-9 (Brief comm.)

## Xerosis; see Ichthyosis

## Z

## Zidovudine, adverse effects

Development of nail pigmentation during zidovudine therapy (Anders and Abele). 1989;21:792-3 (Brief comm.)

Nail pigmentation associated with zidovudine (Groark et al). 1989;21:1032-3 (Brief comm.)

## Zinc, deficiency

Nutritional deficiency and the skin (Miller). 1989;21:1-30 (CME article)

## Zoon's balanitis; see Balanitis

## Zygomycosis; see Mucormycosis
